RE: Zinc Phosphide Rodent Pellets  
EPA Reg. No. 2393-522

Gentlemen/Ladies:

Pursuant to PR-Notices 98-10, we are hereby notifying the Agency of a change to our "Notice of Warranty."

Following is my statement as required by PR-Notice 98-10:

"On behalf of HACO, Inc, I certify that this notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the Confidential Statement of Formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA."

In compliance with the PR-Notice regarding notifications, enclosed is a copy of the "before" labeling and "after" labeling.

If you should have any questions regarding this matter, please do not hesitate to contact me at 608-221-7378.

Sincerely,

Judith A. Thompson  
Registration Manager, Rodenticides

# ZINC PHOSPHIDE RODENT PELLETS

**Kills Moles, Gophers, Rats and Mice**

## ACTIVE INGREDIENT

Zinc Phosphide ..... 2.0%

**INERT INGREDIENTS: ..... 98.0%**

Total 100.0%

EPA Reg No 2193-522

EPA Est No. 61282-W1-1

## KEEP OUT OF REACH OF CHILDREN CAUTION

See Side Panels for additional precautionary statements and directions for use

### STATEMENT OF PRACTICAL TREATMENT

Any persons applying zinc phosphide products and experiencing signs and symptoms such as nausea, abdominal pain, tightness in the chest, or weakness, should be seen by a physician immediately.

**IF SWALLOWED:** Immediately call a Poison Control Center or physician, or transport the patient to the nearest hospital. Do not drink water. Do not administer anything by mouth or make the patient vomit unless advised to do so by a physician.

**IF IN EYES:** Flush with plenty of water. Get medical attention if irritation persists.

**IF ON SKIN:** Remove contaminated clothing and wash affected areas with soap and water.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Keep away from humans, domestic animals and pets. May be fatal or harmful if swallowed. Avoid eye or skin contact. Wear rubber gloves when handling this product. Do not breathe dust. Wash thoroughly with soap and water after handling. Avoid contamination of feed or foodstuffs. Avoid contact with acids.

#### ENVIRONMENTAL HAZARDS

This product is toxic to birds and other wildlife. Do not allow pellets to be exposed on soil surface. Do not apply where runoff is likely to occur. Do not apply this product directly to water, or to areas where surface water is present or to

Manufactured For:  
HACO, Inc  
P.O. Box 7190, Madison, WI 5370

NET WEIGHT: 1 LB.

interstitial areas below the mean high water mark. Check for and dispose of excess or spoiled pellets and carcasses daily until the pellets are expended or are removed.

**Notice:** It is a federal offense to use any pesticide in a manner that results in the death of a member of an endangered species. The use of this product may pose a hazard to Federally designated endangered/threatened species. Suggested measures to protect endangered species in your county may exist in an EPA "Interim Measures" pamphlet. You may call EPA's Endangered Species Hotline, 1-800-447-3813, to find out if an "Interim Measures" pamphlet exists for your county and have one sent to you. You can also consult your local county extension office or pesticide state lead agency to determine whether they have imposed any requirements in your area to protect endangered and threatened species.

### DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Read this Label:** Read this entire label and follow all use directions and use precautions.

#### MOLES AND POCKET GOPHERS

**Use Restrictions:** For use against moles and pocket gophers in lawns, golf courses, and other noncrop areas. Do not apply in gardens and areas where food or feed may be contaminated. Only apply the bait underground. Collect and bury all dead animals found above the ground. This product is to be used in manual applications only. Do not apply this product by use of an artificial burrow builder.

**Specific Direction for Moles:** The presence of moles may be indicated by a network of surface ridges in the turf, by a series of conical mounds of earth pushed up from deep burrows, or by damage to bulbs.

**Surface Ridges:** Prior to treatment determine which burrows are active according to one of the following two methods. Either press down a small section of the tunnel or remove a one inch section of the tunnel's roof. Mark these sections and recheck in 24 hours. The burrow is considered active if the flattened runway has been raised up or if the roof has been repaired. Only treat active burrows. Carefully punch a hole in the top of active tunnels, drop a teaspoon amount of this product and carefully close the hole with sod or stone. Do not collapse the runway again or allow loose soil to cover the bait. After a few days check to see if the burrows are still active according to one of the two methods described above. If so, repeat treatment.

**Conical Mounds:** Remove center plug from the conical mounds with aid of a long-handled spoon and drop a teaspoon amount of this product into the underground tunnel. Close opening with rock or sod. Do not allow loose dirt to cover bait.

**Bait Protection (Fall Planted):** Pack about one-quarter inch of soil against each bulb. Place several pellets at sides of and around the bulb. Then cover.

**Specific Directions for Pocket Gophers:** Burrowing pocket gophers (*Thomomys spp.* and *Geomys spp.*) throw out low, fan shaped mounds on either side of their underground tunnel. These lateral tunnels coming to the surface are on the flat side of the fan and are plugged with soil. With a long-handled spoon carefully remove the plug. Insert a teaspoon of this product as far down as possible. Reclose opening being careful not to cover bait with soil.

#### RATS AND MICE

**Important:** Do not expose children, pets, or other nontarget animals to rodenticides. To help to prevent accidents:

- 1 Store product not in use in a location out of reach of children and pets.
- 2 Apply bait in locations out of reach of children, pets, domestic animals and nontarget wildlife, or in tamper-resistant bait stations. These stations must be resistant to destruction by dogs and by children under six years of age, and must be used in a manner that prevents such children from reaching into bait compartments and obtaining bait. If bait can be shaken from stations when they are lifted, units must be secured or otherwise immobilized. Even stronger bait stations are needed in areas open to hoofed livestock, raccoons, bears, other potentially destructive animals, or in areas prone to vandalism.
- 3 Dispose of product container, and unused, spoiled, and unconsumed bait as specified on this label.

**Use Restrictions:** Use against Norway rats, roof rats and house mice, in and around homes, industrial, agricultural and commercial buildings, and similar manmade structures. Do not place this product in areas where there is a possibility of contaminating food or surfaces that come in direct contact with food.

**Selection of Treatment Areas:** After removing as much food as possible, determine dry acid-free areas where rats and mice will most likely find and consume the bait. Generally, these areas are along walls, by gnawed openings, in or beside burrows, in corners and concealed places, between floors and walls, or in locations where rats and mice or their signs have been seen. Protect bait from rain or snow. Remove as much alternative food as possible.

#### Application Directions:

**RATS:** Apply 1 to 2 teaspoon amounts of this product per placement. Maintain an uninterrupted supply of fresh bait until all signs of feeding have stopped.

**MICE:** Apply 1 teaspoon amount of bait at 8- to 12-foot intervals. Maintain an uninterrupted supply of fresh bait until all signs of feeding have stopped.

**RATS AND MICE:** Replace contaminated or spoiled bait immediately. Collect and dispose of all dead animals and leftover bait properly. To prevent reinfestation, limit sources of rodent food, water and harborage as much as possible. Do not treat the same area with this product at less than 30 day intervals.

### STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store only in original container, in a dry acid-free place inaccessible to children and pets.  
**PESTICIDE DISPOSAL:** Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Completely empty container. Then dispose of empty container in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

### CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY

**NOTICE:** Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

Manufacturer and Seller warrant that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Manufacturer, and Buyer and User assume the risk of any such use. **MANUFACTURER AND SELLER MAKE NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.**

In no event shall Manufacturer or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF MANUFACTURER AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF MANUFACTURER OR SELLER, THE REPLACEMENT OF THE PRODUCT.** Manufacturer and Seller offer this product, and Buyer and User accept it, subject to the foregoing conditions of sale and limitations of warranty and of liability, which may not be modified except by written agreement signed by a duly authorized representative of Manufacturer.
