# Iodine Sanitizer

RECOMMENDED FOR CLEANING, DISINFECTING, AND SANITIZING IN HOSPITALS, INSTITUTIONS, FOOD PLANTS, AND COMMERCIAL BUILDINGS.

**ELKHORN CHEMICAL**  
One Elko Lane  
Elkhorn, Wisconsin

**NET CONTENTS:  
ONE U.S. GAL.**

ELKO IODINE SANITIZER has its own built-in indicator of germicidal activity. When the amber color disappears, a fresh solution should be prepared. This product is not adversely affected by water hardness or low temperature. This product is Tuberculocidal at a dilution of 3 ounces to 5 gallons of water.

**DIRECTIONS FOR USE:**

Apply in a manner immersing, mopping, scrubbing so as to wet surfaces thoroughly with the recommended use-dilution.

For general cleaning and disinfecting in one operation, use 3 ounces of ELKO IODINE SANITIZER to 5 gallons of water. For porous or extremely dirty surfaces, use 6 ounces to 5 gallons of water. For sanitizing previously-cleaned surfaces, use 1 ounce of ELKO IODINE SANITIZER in 5 gallons of water.

**HOSPITALS:** Use as recommended above in animal rooms and cages, cafeterias, morgues, laboratories, operating areas, patient rooms, bed frames, walls and floors, thermometers, instruments, rubber gloves, tubing & catheters. Allow at least 5 minutes contact time. Rinse all food-handling surfaces with potable water before reuse. Before disinfecting, instruments should be cleaned to remove all adhering blood and serous exudates.

**COMMERCIAL BUILDINGS, INSTITUTIONS, AND GENERAL HOUSEKEEPING:** Use 3 ounces of ELKO IODINE SANITIZER to 5 gallons of water for cleaning and disinfecting floors, walls, lavatories, shower rooms, refuse containers, kitchen areas, and lunch rooms. Rinse all food-handling equipment with potable water before reuse.

**KEEP OUT OF REACH OF CHILDREN**  
Read First Aid and additional precautions.

**FOOD PLANTS:** To sanitize previously-cleaned food-processing equip-  
ment and utensils, use 1 ounce of ELKO IODINE SANITIZER to 5 gallons  
of water. Allow to drain, but do not rinse. When used in this manner,  
ELKO IODINE SANITIZER does not require a potable water rinse, in  
accordance with the Federal Food Additive Regulation 121.2547.

**GLASSWARE:** Use 1 oz. per 10 gal. water=12-1/2 P.P.M. or 1/3 oz. per 3  
gal. water= 12-1/2 P.P.M.

**DANGER: CORROSIVE. CAUSES EYE DAMAGE AND SKIN IRRITATION.**  
Do not get in eyes, on skin or on clothing. Protect eyes and skin when  
handling. Harmful if swallowed. Avoid contamination of food.

**FIRST AID:** In case of contact, immediately flush eyes or skin with plenty  
of water for at least 15 minutes. For eyes, call a physician. Remove and  
wash contaminated clothing before reuse.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin  
solution or if these are not available, drink large quantities of water.  
Call a physician immediately.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate  
the use of gastric lavage. Measures against circulatory shock, respiratory  
depression and convulsion may be needed.

**RINSE EMPTY CONTAINER THOROUGHLY WITH WATER AND DISCARD IT.**
