

SANI-SCRUB

**CLEANER · DEODORIZER · DISINFECTANT
FUNGICIDE**

Designed for Hospital and Institutional use where housekeeping will be of prime importance in controlling the hazard of cross-infection from environmental surfaces. For use on floors, walls, sink tops, garbage pails, telephones, rest rooms, bed pans and operating rooms. Effective against Staphylococcus aureus, Salmonella choleraesuis and Pseudomonas aeruginosa. Also effective against pathogenic fungi, Trichophyton interdigitale.

Rinse thoroughly with water before discarding or returning drum to drum conditioner.

PHENOL COEFFICIENTS:

Guaranteed	Minimum
S. aureus	44
S. typhosa	28

DISINFECTION: Use at 2 ounces per gallon. This product will be effective against *Pseudomonas aeruginosa* PRD-10 and as fungicidal against pathogenic fungi at this level.

For best results, apply to walls, floors and other hard surfaces with cloth or mop. For heavy soil or organic matter, a pre-cleaning step is recommended.

SANITATION: If used for sanitation of previously cleaned food equipment or food contact items, limit the level of active quaternaries to 200 ppm (2.8 ounces per 5 gallons of water). Rinse with potable water prior to reuse.

This product when used on environmental, inanimate hard surfaces at 2 ounces per gallon of water, is effective against Influenza A₂, Herpes Simplex, Adenovirus type 2, and Vaccinia viruses.
