Gentlemen:

We are enclosing EPA Form 8570-1 (Rev. 5-81) in triplicate and requesting your approval to change the label for our product Chigarid.

Attached is the proposed new label as well as our existing label. Of course, the new label that we put on the bottle will be the same size as the existing label and will have the same color scheme.

We need to get new labels made as soon as possible and would appreciate it very much if you would give this request prompt attention and let us know whether, or not, this label meets with your approval.

Very truly yours,

C. & C. Laboratories
