CAUTION

KEEP OUT OF THE REACH OF CHILDREN

Harmful if swallowed. Contact the skin can cause toxic symptoms. Avoid breathing dust and spray mist. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Children and pets should be kept off the treated area until material is watered in to the soil and grass is thoroughly dry.

Toxic to fish and wildlife. Do not contaminate any body of water, by direct application, cleaning of equipment or disposal of wastes and containers. Use only As directed.

ANTIDOTE:

External — In case of spillage on skin, wash promptly with soap and water.

Internal — Emetic of 1 tablespoon mustard in tumbler of water.

CALL A PHYSICIAN.

DIRECTIONS

For use on ornamental lawns and turfs.

For the control of the following insects attacking ornamental lawns or turfs:

Ants, fire ants, harvest ants, leaf cutting ants, earwigs, large area apply 20 pounds per acre. Small area apply 1/2 pound to each 30 feet square. If possible work into the top of soil.

Chiggers, ticks, apply to the infested area -- 30 pounds per acre. Small area apply 3/4 pound to each 30 feet square.

Asiatic Garden Beetle Larvae, European chafer larvae, Green June beetle larvae, white grubs, wireworms, for large areas apply 50 to 100 pounds per acre. Small area apply 1 pound to each 1000 square feet. If possible work into the top of soil.

Lawn moth and sod webworms on large areas supply 50 pounds per acre. Small areas apply 1 1/2 to 2 pounds per 900 square feet.

CAUTION

Do Not Re-use the Container

Completely empty the contents and bury the unused chemical at least 18 inches deep in an isolated location away from water supplies. Burn the empty container completely. Exercise extreme caution and stay well away from the smoke.

NOTICE
