### DANGER

**KEEP OUT OF THE REACH OF CHILDREN**

#### RECOMMENDATIONS

Peanut Dust is a fungicide dust for the control of Peanut Leaf Spot. Consult State Agricultural Experiment Station or State Extension Service for complete details on the best peanut dusting program for your local conditions.

This product contains 12.53% Calcium Chelate expressed as inert. Five applications should provide sufficient calcium for small seeded variety peanuts.

These are general suggestions: Apply dust about sixty days after planting, or as soon as the spots appear on the leaf.

First Dust—apply 15 to 20 pounds per acre.

Later Dusts—apply 20 to 30 pounds per acre.

A minimum of three to four applications should be made at two week intervals.

#### WARNING

Wash with soap and water after exposure. Keep clothing free from residues. Avoid contamination of foodstuffs. Sulphur may burn foliage when temperature is high—Do not make sulphur applications at such times.

#### NOTICE

**ANTIDOTE:** Induce vomiting by tickling the throat with a feather or the fingers and give an emetic of strong mustard water, or if available, use Syrup of Ipecac, one to two tablespoonful, then give lime water, milk and honey, white of egg and mucilagenous drinks in copious draughts. Call physician or take patient to a hospital immediately.

**CAUTION:** Forage crops treated with this dust should not be fed to dairy animals or to animals to be slaughtered. Do not use on peanuts to be harvested within 30 days.

**Do not reuse containers. Destroy when empty.**

#### NOTICE

Stevens Industries, Inc. warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of MERCHANTABILITY or FITNESS for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Stevens Industries, Inc., and buyer assumes the risk of any such use.
