### CAUTION: Keep out of reach of children

Harmful if swallowed, inhaled or absorbed through the skin. May cause irritation of nose, throat and skin. Do not breathe dust or spray mist. Avoid contact with skin, eyes and clothing. Wash hands before eating. Store away from children and domestic animals. Avoid contamination of feed and foodstuffs. In case of contact, flush with plenty of water; for eyes, get medical attention. Do not apply within 10 days to 2 weeks of an oil spray. Do not add sulfur to spray mixture when applying this product to RED DELICIOUS and BALDWIN APPLES as the combination of Captan and Sulfur may cause foliage injury. Injury may occur on Bosc Pears in the Northeast under certain conditions. Injury may occur to certain varieties of sweet cherries, especially in the Northwest.

This product is highly toxic to bees exposed to direct treatment or residues on crops. Protective information may be obtained from your Cooperative Agricultural Extension Service.

CONTAINER: "Do not reuse empty container. Destroy it by burying with waste or burning. Stay away from smoke or fumes."

NOTE TO PHYSICIAN: Carbaryl is a moderate, reversible cholinesterase inhibitor. Atropine is antidotal. "This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label".

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
