Treats 2,500 sq. ft.

Instructions.

Apply to lawn in early Spring before crabgrass germinates. Can be used on established lawns or new seedling grass. You can re-seed the same day you use it.

CAUTION: Harmful if swallowed. In case of contact with skin, wash with soap and water. Avoid contamination of feed and foodstuffs. To protect fish and wildlife, do not contaminate streams, lakes, or ponds with this material. Keep children and pets off of treated area until material is washed into the soil.
