DIRECTIONS FOR USE

HOLIDAY SUGAR BAIT is a fly bait formula which can be scattered as a dry bait, or dissolved in water and painted or sprayed as a liquid bait. Either use will give initial knockdown and reduction of the fly population.

DRY BAIT: For reducing populations of houseflies in and around dairy barns, livestock barns, poultry houses, feed lots, kennels, refuse piles, and other areas where houseflies are a problem, scatter at the rate of approximately 1/4 lb. per 500 sq. ft. of fly feeding area. Apply daily until the fly population is under control and thereafter as often as necessary.

LIQUID BAIT: Dissolve HOLIDAY SUGAR BAIT in water at the rate of one pound to one gallon of water. Spray this solution in areas where flies congregate. Use a wetting spray and apply to the point of run-off for best results and longest control. Apply daily until the fly population is under control and thereafter as often as necessary. Do not spray in dairy barns. Do not spray in poultry houses.

If desired, less water may be used in order to make a paste for spot application.

CAUTION: Harmful if swallowed, inhaled, or absorbed through the skin. Induce vomiting if swallowed. Avoid prolonged breathing of dust. Avoid repeated or prolonged contact with skin. Wash hands after use and before eating or smoking. Avoid contamination of feed and foodstuffs. Keep out of reach of children, poultry and domestic animals. Do not use inside homes or where milk is stored or processed, or during milking time when milk or utensils are exposed.

This product is toxic to fish and wildlife. Birds feeding on treated areas may be killed. Keep out of any body of water. Do not apply where run-off is likely to occur. Apply this product only as specified on this label.

Do not reuse container. Destroy when empty.

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

Product of U.S.A.
