<hr/>	
Total	100.000%

*Consists of 0.16% (b) (1) (6-propylpiperonyl) ether and 0.04% related compounds.

†MGK 264 Insecticide Synergist, U.S. Pat. No. 2,545,293 and 2,545,287

Net Contents:

1 GALLON

Insecticide for Horses is prepared for use on horses and in and around the building that they are housed. Can be used as a spray, mist or wipe on.

DIRECTIONS

Wipe-on application—Wet a soft cloth and wipe over the coat with special attention to the legs, shoulders and fecal areas.

Horses—Flies (Horn, House and Stable), mosquitoes. Apply 2 fluid ounces daily per adult horse and 1 fluid ounce for the younger animals. For best results apply in the A.M. for protection during the day, do not overdose.

Stables and Kennels—Flies, Gnats, Mosquitoes, Fleas, Brown Dog ticks, apply a coarse spray to runways, walls, window sills and ledges using 1 quart per 100 square feet. Do not contaminate water or feed, repeat as necessary. This spray can be used in all foggers.

Maggot Breeding Areas, Garbage Dumps and Manure Piles—Apply a coarse spray at the rate of 1/2 to 1 quart per 100 square feet of area. Repeat as necessary.

CAUTION

Avoid wetting the sides of animals. If swallowed, it is absorbed through skin. Do not get into eyes, on skin or clothing. Wash thoroughly after handling. Do not breathe spray mist. Do not reuse container. Destroy immediately.

DO NOT USE FOR FEED OR STORE NEAR HEAT OR OPEN FLAME
