

treatments
This package will treat and feed 1,000 sq. ft. of lawn. Do not apply to wet or frozen lawns.
Partially used bags should be sealed tightly for storage.

PRECAUTION: Harmful to birds and fish.
Avoid contact with eyes, nose, mouth, and skin.
Wash hands after use.
Avoid drift onto desirable plants such as garden plants.
Do not store near fertilizer, insecticides, or fungicides.
Do not use on newly seeded areas until grass has been mowed once.
This product is recommended for use on Bentgrass, Paspalum, and other grasses. Avoid use on
lawns where susceptible plants are present in the immediate vicinity.
This product is toxic to fish. Keep out of creeks, streams, or ponds. Do not apply where runoff is likely.
Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as directed.
Do not reuse empty container or equipment.

LAWN CARE TIPS

- Mow lawn regularly, keeping it short.
- Mow when water is dry. Do not mow when wet.
- Walk with spreaders and fertilizer.
- Avoid over application of fertilizer. Use a spreader. Any surplus fertilizer can cause harm to vegetation.
- Do not use spreaders on wet lawns or when stopping or turning.
- All fertilizers are corrosive to eyes, skin, and clothing.
- Water lawns deeply. Deep watering is beneficial than frequent light watering.
- Cut grass with a sharp blade. Mow for maximum beauty.

SPREADER SETTINGS

For most spreaders, set the rate to 10 lbs. per 1,000 sq. ft. of lawn.
For broadcast spreaders, set the rate to 10 lbs. per 1,000 sq. ft. of lawn.
For drop spreaders, set the rate to 10 lbs. per 1,000 sq. ft. of lawn.
For hand spreaders, set the rate to 10 lbs. per 1,000 sq. ft. of lawn.
For aerial spreaders, set the rate to 10 lbs. per 1,000 sq. ft. of lawn.
