EPA Est. No. 2491-WI-1

Dursban(R) - Registered Trademark Of DowElanco

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.
- IF ON SKIN: In case of contact, remove contaminated clothing and immediately wash skin with plenty of soap and water.
- IF IN EYES: Flush eyes with plenty of water.
- IF INHALED: Remove to fresh air.

Note to Physician: Active ingredient is a cholinesterase inhibitor. Treat symptomatically. Atropine only by injection is the preferable antidote. Oximes, such as 2-PAM/protopam, may be therapeutic if used early; however, use only in conjunction with atropine.

Precautionary Statements

Hazards to Humans and Domestic Animals

CAUTION

Harmful if swallowed. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Wash thoroughly after handling. Keep children and pets off treated area until this material is washed into the soil and grass is dry.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, birds, and other wildlife. Do not apply directly to water or wetlands. Do not contaminate water when disposing of equipment washwaters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with the labeling.

STOP: Read the entire label first. Observe all cautions and follow directions carefully.

Apply Nature's Best Brand Lawn Insecticide uniformly to home lawns and other ornamental and recreational turf grass areas using any hand or power operated gravity or rotary type spreader designed for application of granular materials. Treat when insects first appear using Nature's Best Brand Lawn Insecticide at the rate of 200 pounds per acre. To help obtain uniform distribution, apply one-half the required amount of product in one direction: then apply the balance at a right angle. For best results, immediately after application sprinkle the turf with 1300 gallons of water per acre so as to wash the granules into the zone of insect infestation. Consult the following table to determine amounts of Nature's Best Brand Lawn Insecticide and water needed for smaller sized area. Re-treat as necessary.

RATE TO USE

Area to be Treated	Pounds of Nature's Best Brand Lawn Insecticide	Gallons of Water to Sprinkle on Turf after Treatment
200 Sq. Ft.	1	6
1000 Sq. Ft.	5	30
3000 Sq. Ft.	15	90
5000 Sq. Ft.	25	150
10700 Sq. Ft.	50	325

GRUBS: To Control Certain White Grubs (Larvae of European chafer and Japanese beetle) use two to four times the amounts of Nature's Best Brand Lawn Insecticide shown in the table, i.e. 10 to 20 pounds per 1,000 sq. ft. Apply the granules uniformly over the area treated. For best results, immediately water to wash the insecticide into the

turf. For best results treat when grubs are young and actively feeding near the soil surface, usually during late July and August. Consult your local Agricultural Extension Service specialist for proper time to treat in your area.

FOR CONTROL OF FLEAS AND BROWN DOG TICKS: Thoroughly apply this product as a spot treatment to infested areas such as:

Yard Areas: Apply this product uniformly to home lawns, under shrubbery, and other ornamental recreational turf grass areas. Treat when insects first appear using at the rate of one pound per 200 sq. ft. or $\frac{1}{4}$ pounds per 800 sq. ft. To help obtain distribution, apply one-half required amount of product in one direction, then apply the balance at a right angle. Immediately after application, sprinkle the turf with 40 gallons of water per 800 sq. ft. so as to wash the granules into the zone of insect infestation. Retreat as necessary.

Pet Beds: Old bedding of pests should be removed and replaced with clean, fresh bedding after treatment of pet areas. Do not apply this product indoors. **DO NOT TREAT PETS WITH THIS PRODUCT.** To control the source of your flea infestation, treat pets with an EPA approved product registered for direct application to pets.

FOR FIRE ANT MOUNDS: To control fire ants apply 4 ounces to each mound. After application of granules, gently sprinkle the treated area with minimum of 1 quart water per 6 inches of mound diameter. For best results apply in cool weather (65-80°F) or in early morning or late evening hours. Treat new mounds as they appear.

HYPERODES: To Control Hyperodes (turfgrass) weevils use at the rate of 10 lbs. per 1000 square feet. Treat suspected problem areas in mid-April and again in mid-May. Consult your local Agricultural Extension Service specialist for best time to treat in your area.

STORAGE AND DISPOSAL

STORAGE: Store in original container and keep any bags containing unused product in an area inaccessible to children and domestic animals. Do not store near feed or foodstuff. To prevent cross-contamination, do not store near other fertilizers, or near herbicides, insecticides, fungicides or seeds.

PRODUCT DISPOSAL: To dispose of bags which contain unused product, securely wrap bag in several layers of newspaper and discard in trash.

CONTAINER DISPOSAL: Do not reuse empty bag. Fold empty bag and discard in trash.

Alternate Statement (below) for Commercial Applicator sized packages (i.e. 50 lbs. or larger)

STORAGE AND DISPOSAL

STORAGE: Always store product in original container and in locked storage area. Do not contaminate other pesticides, fertilizers, seeds, water, food or feed by storage or disposal.

PRODUCT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration, or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

WARRANTY

Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions provided, with proper equipment in good working order, and under normal conditions of use. If not used as directed seller makes no warranty, expressed or implied, concerning the use of this product. User then assumes all risk of loss or damage arising from any contrary use or handling.
