

DIRECTIONS

This product should be applied as a coarse (large droplet) spray in spot treatment of localized surface areas only.

Roaches and Waterbugs: Remove all dishes, food and utensils from the area to be sprayed. Make spot applications to infested roach haunts — behind sinks, into cracks and crevices, the underside of all drawers, baseboards, pipeholes in walls, and cracks of kitchen cupboards. Inspect and treat other areas in the house where infestation is evident. Pay particular attention to bathrooms, cracks and crevices in closets, dresser drawers and frames.

Ants, Spiders, Silverfish, Crickets, Earwigs, Firebrats, Centipedes, Millipedes, Sowbugs, and Springtails: Spray areas where these pests are found or may hide including dark corners of rooms and closets, cracks and crevices, along baseboards and door sills and frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. Spray ant trails, nests, and points of entry. Repeat treatment as required.

Carpet Beetles: Make localized application to areas of the floor and baseboards. Spray directly into cracks and under carpets where insects may be found. Treat crevices, cracks and infested areas of shelving in closets. Repeat as necessary.

Brown Dog Ticks: Spray infested areas around baseboards, window and door frames, wall cracks, sleeping quarters of pets and localized areas of floors and floor coverings. Repeat as necessary. Bedding should be replaced in animal quarters after treatment. Do not treat animals.

Flies, Mosquitoes and Clover Mites: Use only on outdoor surfaces. Spray outside surfaces of windows and door frames and other areas where these pests may enter the home. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when effectiveness diminishes.

General Brand INSECT SPRAY

READY TO USE RESIDUAL

KILLS

<i>Roaches</i>	<i>Spiders</i>
<i>Waterbugs</i>	<i>Silverfish</i>
<i>Ants</i>	<i>Crickets</i>

ACTIVE INGREDIENTS:

0,0-Diethyl 0-(2-isopropyl-6-methyl-4-pyrimidinyl) phosphorothioate	0.500%
Pyrethrins	0.052%
*Piperonyl Butoxide, Technical	0.261%
Petroleum Distillate	98.608%
INERT INGREDIENTS	0.579%
	100.000%

*Equivalent to 0.209% of (butylcarbityl (6-propylpiperonyl) ether and 0.052% of related compounds.

CAUTION

**KEEP OUT OF REACH
OF CHILDREN**

Manufactured by

the general pest control co.

3561 West 105th St., Cleveland, Ohio 44111
252-7140

CAUTION

Harmful if swallowed; combustible; may be absorbed through skin; avoid contact with eyes, skin, and clothing. Avoid breathing vapors or spray mist. Keep away from food, feedstuffs, and domestic water supplies. Do not smoke while using. Wash thoroughly after handling. **DO NOT POUR, USE, SPILL OR STORE NEAR HEAT OR OPEN FLAME.** If swallowed do not induce vomiting. Call a physician immediately.

NOTE TO PHYSICIAN: Contains petroleum distillate. Active ingredients contain a cholinesterase inhibitor. Treat symptomatically. Atropine is an antidote.

Do not allow children or pets in treated areas until surfaces are dry. Do not spray air in rooms or use on plants. Apply as a surface spray only as specified on this label. Do not allow spray to contact food, feedstuffs, or water supplies. Thoroughly wash dishes and food handling utensils if contaminated with this product. Remove pets, birds, and cover fish bowls before spraying. Do not apply this insecticide to asphalt tile or foam backed carpeting.

This product is toxic to fish, birds, and other wildlife. Keep out of lakes, streams, or ponds. Apply this product only as specified on this label. Do not contaminate water by cleaning equipment or disposal of wastes. Do not reuse empty container. Destroy empty container by perforating or crushing and burying in a safe place away from water supplies.

Do not use in edible products areas of food processing plants, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.
