

**DIRECTIONS FOR USE**  
 NOTE...This spray may be applied with a sprayer or paint brush so as to wet surfaces over which insects crawl or crevices in which they live.

**Roaches and Waterbugs** - Remove all dishes, food and utensils from area to be sprayed. Spray in all haunts behind sinks, into cracks and crevices, the underside of shelves, the underside of drawers, baseboards, holes in walls, and in cracks of kitchen cupboards. In basements spray around plumbing fixtures, drains, and pipeholes.

**Ants, Silverfish, Spiders, Crickets** - Spray in all haunts, on and under baseboards, the edge of carpeting, around window frames and door jambs. In the basement spray the mudsill or plate and around the perimeter of the basement floor.

**Pantry Pests\*** - Destroy infested grain products. Remove dishes and utensils. Thoroughly vacuum and clean cupboards. Spray underside of shelves, cracks and crevices, and the underside of drawers.

**Fleas** - Vacuum floors and furniture in rooms where infestation is evident. Discard contents of bag. Apply as a fan type spray lightly to floors and baseboards in infested rooms. Spot treat undersides of furniture. Do not apply to the cushions of furniture or bedding. Do not apply to pets or humans.

\* accessible and exposed stages of saw-toothed grain beetles, red flour beetles, granary weevils, ~~rice weevils~~, ~~prolonged~~ beetles, and drug store weevils.
