Dear Ms. Hedlund:

Subject: Labeling Amendment
Double Duty Cat Flea & Tick Spray
EPA Registration No. 2517-6

The labeling referred to above, submitted in connection with registration under section 3(c)(7)(A) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable provided that you do the following.

1. Delete the statement "This product can be used around foodstuffs and utensils if they are protected from direct contact while spraying."

2. Change the If on Skin section of the Statement of Practical Treatment to read "Wash with soap and warm water. Get medical attention if irritation persists."

3. After the statement "Use on bedding and surrounding area as needed." add the statement "Do not return animal to bedding and surrounding area until dry."

4. Replace "Noctyl Bicyclopentene Dicarboximide" with "N-Octyl Bicyclopentene Dicarboximide" in the ingredients section.

5. Your net weight statement, Keep Out of Reach of Children statement, and signal word must not be covered by label graphics in any way. Adjust the graphics appropriately.

DIRECTIONS FOR USE cont.'d

FIRE ANT KILLER Wettable Powder is for residual pest control on buildings *Roof* and structures and for control of ornamental plant and turf pests.

DO NOT USE THIS PRODUCT ON EDIBLE PLANTS.

DO NOT APPLY TO SURFACES WHICH COME INTO CONTACT WITH FOOD.

FIRE ANT KILLER Wettable Powder is intended for dilution with water for application with hand-held, hose-end or power sprayers.

Do not use strainers finer than 100 mesh size.

When using hand sprayers, fill with the desired volume of water, add FIRE ANT KILLER Wettable Powder, close and shake before use to insure proper suspension of the wettable powder. Shake or re-agitate sprayer before use if spraying is interrupted.

When using hose-end sprayers, carefully follow the manufacturer's directions for use in order to obtain the correct amount of pesticide required. FIRE ANT KILLER Wettable Powder should be added after the water and then strongly shaken to insure good suspension.

INDOOR USE

✓ Mix 2 oz. of FIRE ANT KILLER Wettable Powder per gallon and apply as a coarse low pressure spray.

✓ Cockroaches: Apply as a spot or crack and crevice spray to areas where the pests hide, such as baseboards, around water pipes and doors and window frames. For heavy infestations, mix 3 oz. of FIRE ANT KILLER Wettable Powder in one gallon of water and apply as a coarse low pressure spray.

Fleas and Brown Dog Ticks: Thoroughly apply spray to infested areas such as pet beds and resting quarters, adjacent cracks and crevices, rugs and floor coverings, and under their edges, between and under cushions of upholstered furniture and other areas where these pests may be present.

Entire rugs may be treated. Apply the spray evenly (approx. 1 gal./800 sq. ft.) to rugs and furniture. Old bedding of pets should be removed and replaced with clean fresh bedding after treatment of pet areas. Additionally, insure that pets are treated for flea control with an EPA-approved product registered for such use. Do not treat pets or their bedding with bendiocarb. DO NOT PERMIT CHILDREN OR PETS NEAR TREATED SURFACES UNTIL SPRAY HAS DRIED COMPLETELY.
