

Reg # 2517-??  
p. 2-4

If in Eyes: Flush with plenty of water. Get medical attention if irritation persists.

If on Skin: Wash with plenty of soap and water.

- d. The storage and disposal statement should call for wrapping the container in newspaper.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Rear Panel:

logo

DOUBLE DUTY<sub>TM</sub> DOG FLEA & TICK SPRAY (magenta)

KILLS Fleas, Lice & Ticks (blue)

Repels Flies, Mosquitoes, Gnats (blue)

DIRECTIONS: SHAKE WELL. Remove overcap. Hold bottle upright about 6 to 8 inches from pet. Using quick, short strokes, begin spraying at the tail; moving the dispenser to get even coverage of fur coat until tips of hair are moist. Include legs and underside. Fluff the hair so that spray will penetrate to the skin. Kills fleas in 5 to 10 minutes. Ticks are tough, spray directly.

Do not spray into eyes or face of pet. After 10 minutes, towel dry and brush coat. Spray bedding and immediate area as needed. Prevent reinfestation by repeating weekly. Replace overcap after use.
