NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA, as amended, provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase "EPA Registration No. 2517-29."
 - b. Delete "GENERAL CLASSIFICATION" since this product has never been classified.
 - c. Insert "Diazinon" before chemical name and place chemical name in square brackets on both front panel and pouch label.
 - d. Change Active Ingredient to singular on pouch label.
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**PRECAUTIONARY STATEMENTS
HAZARD TO HUMANS AND DOMESTIC ANIMALS**

CAUTION: This collar is intended for use as an insecticide generator and is not to be taken internally by man or animal. Not intended for use on humans. The insecticide in this collar is a cholinesterase inhibitor.

Note to Physicians: This product contains a cholinesterase inhibitor. Atropine Sulfate and 2-PAM are antidotal only if signs of cholinesterase inhibition are present.

Do not use other pesticides on cat while collar is worn. Some cats and humans may be sensitive to this collar. Remove at first sign of irritation or adverse reaction. Do not use on sick or convalescing animals.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION: It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Place Double Duty™ Reflecting Flea and Tick Collar around cat's neck, MAKING SURE THE REFLECTIVE STRIP IS ON THE OUTSIDE, adjust for proper fit, and buckle in place. Cut off and dispose of the excess length. The collar must be worn loosely, but securely enough to prevent easy removal and loss of the collar. If collar is worn too tightly, it may produce neck irritation. Activity against fleas starts within 24 hours, reaches maximum effectiveness in 3-4 days and continues as long as the collar is worn up to 1. days. Fleas present in the animal's environment that may reappear on the cat will be killed and controlled by the action of the collar. THE REFLECTING STRIP ON THIS COLLAR WILL REFLECT BRIGHTLY WHEN AN OUTSIDE LIGHT SOURCE SUCH AS CAR HEADLIGHTS SHINE DIRECTLY ON IT. Replace collar when effectiveness diminishes. Collar is not affected by normal wetting such as rainfalls; however it is suggested collar be removed before bathing.

DISPOSAL: Do not reuse empty pouch or box. Wrap pouch or box and put in trash collection. When discarding used collar, wrap in newspaper and place in trash collection.
