**PRECAUTIONARY STATEMENTS****HAZARD TO HUMANS AND DOMESTIC ANIMALS****CAUTION:**

This collar is intended for use as an insecticide generator and is not to be taken internally by man or animal. Not intended for use on humans. The insecticide in this collar is a cholinesterase inhibitor. Do not allow children to handle or play with this collar.

Note to physician: Diazinon is an organophosphate insecticide. If symptoms of cholinesterase inhibition are present, atropine sulfate by injection is antidotal. 2-PAM is also antidotal and may be administered, but only in conjunction with atropine.

Do not use other pesticides on cat while collar is worn. Some cats and humans may be sensitive to this collar. May cause contact sensitization following repeated contact with skin in susceptible individuals. Avoid repeated contact with skin. If sensitization reactions result consult a physician. Remove at first sign of irritation or adverse reaction. Do not use on sick or convalescing cats.

**DIRECTIONS FOR USE:** It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Place Double Duty™ Reflecting Flea and Tick Collar around cat's neck, MAKING SURE THE REFLECTIVE STRIP IS ON THE OUTSIDE, adjust for proper fit, and buckle in place. Cut off and dispose of the excess length. The collar must be worn loosely, but securely enough to prevent easy removal and loss of the collar. If collar is worn too tightly, it may produce neck irritation. Activity against fleas starts within 24 hours, reaches maximum effectiveness in 3-4 days and continues as long as the collar is worn up to 150 days. Fleas present in the animal's environment that may reappear on the cat will be killed and controlled by the action of the collar. THE REFLECTING STRIP ON THIS COLLAR WILL REFLECT BRIGHTLY WHEN AN OUTSIDE LIGHT SOURCE SUCH AS CAR HEADLIGHTS SHINE DIRECTLY ON IT. Replace collar when effectiveness diminishes. Collar is not affected by normal wetting such as rainfalls; however it is suggested collar be removed before bathing.

**DISPOSAL:** Do not reuse empty pouch or box. Wrap pouch or box and put in trash collection. When discarding used collar, wrap in newspaper and place in trash collection.
