Precautionary Statements
 May Harm to Humans and Domestic Animals

CAUTION
 Hazard if inhaled. Avoid inhalation of vapors. Avoid contact with skin, eyes, or clothing. Wash contaminated skin promptly with soap and water. For eyes, flush with plenty of water. Get medical attention if irritation persists. Avoid contamination of food and feedstuffs. Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be cleaned during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds, and cover fish aquariums before spraying.

Physical Hazards
 Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

Use Restrictions
 It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Storage and Disposal
 Storage: Store in a cool, dry area away from heat or open flame. Disposal: Do not reuse empty container. Wrap container and put in trash collection.

This product will kill Flies, Mosquitoes, Black Carpet Beetles, Saw-toothed Grain Beetles, Flea Beetles, Small Flying Moths, Spiders, Centipedes, Fleas, Ticks, Wasps, Pill Bugs, Crickets and Earwigs (Adults as control of Cockroaches).

FOR FLYING INSECTS
 Cover exposed food, dishes, and food-handling equipment. Open cabinets and doors to give to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Place fogger opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Do not remain in the area during treatment and ventilate thoroughly before reentry.

TO OPERATE VALUE
 To lock valve in open position for automatic discharge, press valve button all the way down holding the catch. Then place fogger on stand or table in center of room with valve lock-up open. Place several layers of newspaper or pad under fogger. Leave building at once and keep area closed for four hours before coming out. Open all doors and windows and allow to air for 30 minutes. Repeat set away at two weeks or when necessary.

FOR CRACKING INSECTS SUCH AS COCKROACHES
