NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. **This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:**

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

- a. Add the phrase, "EPA Registration No. 2517-66."
- b. Revise the Precautionary Statements to the following:

Harmful if inhaled. Avoid breathing vapor or spraymist. Causes moderate eye irritation. Avoid contact with eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear protective rubber gloves when applying this product. Wash thoroughly with soap and water after handling.

Also, under the Directions for Use, change "use of rubber gloves is recommended" to "Wear protective rubber gloves when applying this product."

c. Under Statement of Practical Treatment, add "If Inhaled: Remove victim to fresh air and get medical attention."

d. Add the correct, complete company address to the product label.

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca

PLUS CONDITIONER
FOR DOGS

IMPORTANT CONSUMER INFORMATION

PURPOSE: SKIP FLEA & TICK SPRAY SHAMPOO PLUS CONDITIONER kills fleas and ticks while it cleans, deodorizes and conditions in one easy and convenient step. The product may be sprayed from any angle for ease of application - even upside down, assuring complete and effective coverage of your pet's coat. This rich, conditioning, non-staining formula contains a highly effective flea and tick killing ingredient combined with an excellent PH balanced shampoo, "PLUS" special conditioning agents that leave your pet's coat soft, manageable, naturally shiny, and silky clean -- ALL in one product!

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION:

Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling.

STATEMENT OF PRACTICAL TREATMENT:

If In Eyes: Flush with plenty of water. Call a physician if irritation persists.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Wet dog's coat thoroughly. Spray an even amount of SKIP FLEA & TICK SPRAY SHAMPOO PLUS CONDITIONER all over you pet's coat. Include hard to reach areas such as under the tail, chest, stomach and undersurface of the neck. Shield your pet's eyes with your hand while spraying the head area and be careful not to spray inside the ears. Work up a lather with this quick lathering formula, being sure that the lather is worked thoroughly into dog's coat down to the skin (use of rubber gloves is recommended). Allow lather to stand five minutes, then rinse completely and towel dry. It should not be necessary to repeat the shampoo application unless the animal is excessively dirty. Kills fleas fast and begins to kill ticks within 1 or 2 days; reaching maximum effectiveness in 7 to 10 days. To maintain maximum effectiveness against both fleas and ticks, dogs should be shampooed with weekly applications.

STORAGE AND DISPOSAL:

Store in cool, dry place. Do not reuse container. Rinse thoroughly before discarding in trash.
