OFFICE OF
CHEMICAL SAFETY AND
POLLUTION PREVENTION

APR 11 2013

Ms. Deborah Chadbourne
Sergeant's Pet Care Products, Inc.
10077 South 134th Street
Omaha, NE 68138-3710

Subject: Amended label to revise efficacy claims for ticks on cats, and to add marketing claims related to an alternate collar production method
Product Name: Sergeant's Sendran Flea & Tick Collar
EPA Registration No. 2517-78
EPA Decision No. 473310

Dear Ms. Chadbourne:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable. A stamped copy of the label is enclosed for your records. Please submit one copy of your final printed labeling before you release the product for shipment. Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). If you have any questions, please contact Julie Chao at (703) 308-8735 or chao.julie@epa.gov.

Regards,

John Hebert, Product Manager (07)
Insecticide-Rodenticide Branch
Registration Division (7505P)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

HAZARDS TO HUMANS: Harmful if swallowed. Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS: Collar is for external use only, not to be taken internally. Some animals may become irritated by any collar. If this occurs, remove collar. If condition persists, consult a veterinarian. Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Do not use on pets under 12 weeks of age. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur remove collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. [Notice: This product contains a chemical (o-Isopropoxyphenyl methylcarbamate) (Propoxur) known to the State of California to cause cancer.]

| FIRST AID | |
|---|--|
| IF SWALLOWED: | <ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person. |
| IF ON SKIN OR CLOTHING: | <ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice. |
| IF IN EYES: | <ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice. |
| HOT LINE NUMBER | |
| Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may contact 1-800-781-4738 for emergency medical treatment information. | |
| NOTE TO PHYSICIAN/VETERINARIAN: | |
| Dust released by this collar is a cholinesterase inhibitor. Atropine is antidotal. Do not use this product on animals simultaneously or within 30 days or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides or chemicals. However, flea and tick collars may be immediately replaced. | |

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{NOTE: ONE of the following alternate directions for use will be included on the label as appropriate for the production process.}

{OPTIONAL ALTERNATE DIRECTIONS FOR USE FOR EXTRUDED COLLARS}

Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eyes. Place collar around pet's neck, adjust for fit, and buckle in place. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over pet's head. Leave 2 or 3 inches for extra adjustment. Cut off and dispose of excess length. Wash hands after installing collar on pet. Replace collar every *{for CAT collar}* [4] [four] [5] [five] *{for DOG collar}* [4] [four] months, or sooner if needed.

{OPTIONAL ALTERNATE DIRECTIONS FOR USE FOR INJECTION MOLDED COLLARS}

[[1.] Do not open until ready to use. Dust will form on collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and stretch to full length. [The tabs that held the collar in place [should] [will] fall off when stretching; pull on any remaining tabs to remove them.]

[2.] Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes.

[3.] Place the collar around your pet's neck. Feed the collar through both holes [[ridges][notches] facing out]. Fit to the neck of the [dog] [cat]. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet's head[, and two fingers can be placed between the collar and pet's neck]. Leave [2 {or} 3].[1 {or} 2] extra inches for collar adjustment, cut off remaining excess collar and dispose of in the trash.
