Prince Bamaze
Sergeant's Pet Care Products
1007 South 134th Street
Omaha, NE 68138

Subject: Label Amendment – updating format and adding numerous alternate brand names (listed on page 1 of label)
Product Name: Sergeant's Cat Shampoo F-2832
EPA Registration Number: 2517-86
Application Date: 4/10/2017
Decision Number: 528766

Dear Mr. Bamaze:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 528766

with FIFRA section 6. If you have any questions, please contact Autumn Metzger at 703-919-7453, or Metzger.autumn@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'MW', is centered below the text 'Sincerely,'.

Wet cat's coat thoroughly. Shake well before using. Pour [Product Name] [This Product] into the cup of your hand. Starting at the head and working back, work up a lather with this quick lathering formula, being sure that the lather is worked thoroughly into the cat's coat down to the skin. Allow lather to stand 5 minutes, then rinse completely and towel dry. It should not be necessary to repeat the shampoo application unless the animal is excessively dirty. Kills fleas and ticks fast.
[To maintain effective flea life cycle control (through IGR Fleas egg killing) repeat treatment once a month] [Repeat every 30 days]
