Subject: Amended Reregistration Label
Product Name: SUPRA-QUICK MIST WITH IGR
EPA Registration Number: 2517-107

Dear Mr. Wright:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the pyrethrin, pbo, and mgk 264 RED(s), and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

A copy of your label stamped "Accepted" is enclosed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Keep Out of Reach of Children

CAUTION

See [Back][or][Side] Panel[s] for Additional Precautionary Statements and directions
NET [WEIGHT] [CONTENTS] XXX oz (XXX mL)

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON [DOGS] [AND] [CATS]**

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Avoid contamination of food and foodstuffs.

FIRST AID	
IF INHALED:	Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.
IF SWALLOWED:	Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES:	Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.
HOT LINE NUMBER	
Have the product container with you when calling a poison control center, doctor or veterinarian, or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Do not apply to pets less than 12 weeks old.

Consult a veterinarian before applying this product on medicated, debilitated, aged, pregnant or nursing animals.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Remove birds and cover fish aquariums before spraying.

[SHAKE WELL BEFORE USE]

FOR USE ON [CATS] [AND] [KITTENS (over 12 weeks of age)]; [DOGS] [AND] [PUPPIES (over 12 weeks of age)] TO KILL FLEAS AND TICKS:

Hold the container upright. Spray at a distance of 8 to 12 inches. Spray over entire haircoat making sure the coat is thoroughly wetted to the skin. As you spray, fluff the hair so the spray will penetrate to the skin. Make sure spray wets ticks thoroughly. Spray against the lay of the hair, roughing the hair on long-haired [dogs] [or] [cats]. Weight of [dog] [or] [cat], length of hair and density of coat will determine amount of spray to be applied to wet the skin [average dose approximately 7.5 g/kg for dogs] [and] [5 g/kg for cats]. [This 16 oz. bottle should be sufficient for [three applications to an average 30-35 lbs. of dog] [or] [20 applications to a 10 lb. cat]]. OR [This 8 oz. bottle should be sufficient for [two applications to an average 20-25 lbs. of dog] [or] [10 applications to a 10 lb. cat]]. Do not spray into the eyes, face or genitalia. When applied at the label dose rate, the [dog] [or] [cat] should not be retreated more frequently than once every 14 days. Lighter applications will reduce period of effectiveness, may result in earlier reinfestation and may require more frequent retreatment. For best results in controlling ticks, spray directly on the tick. Allow [dog] [or] [cat] to air dry or blow dry. Do not towel dry. This product is formulated to leave the hair coat soft and manageable for grooming. Do not reapply more often than once every 14 days.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in original container in a cool, dry, locked place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
