Subject: **Amended Reregistration Label for Pyrethrin-Pyriproxyfen Residual
Ovisterilant Shampoo #1
D414200, D412241 and D411003
EPA Reg. No. 2517-114**

Dear Mr. Wright:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Pyrethrins, Piperonyl butoxide and MGK 264 RED**, and has concluded that your submission is acceptable.

PLEASE NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

PLEASE NOTE: That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSF's are superseded.

- Basic CSF, dated February 4, 2011

A copy of your label stamped Acceptable is enclosed. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Linda A. DeLuise at (703) 305-5428 or via e-mail at deluise.linda@epa.gov or Mr. Richard J. Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov.

Sincerely yours,

Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS

Do not apply to pets less than 12 weeks old.

Do not apply to kittens less than 6 months old {when appropriate}

Consult a veterinarian before applying this product on medicated, debilitated, aged, pregnant or nursing animals.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

FOR USE ON [CATS] [AND] [KITTENS (OVER 6 MONTHS OF AGE)], [DOGS] [AND] [PUPPIES (OVER 12 WEEKS OF AGE)] TO KILL FLEAS AND TICKS

The dual synergistic pyrethrins provide immediate killing of fleas and ticks on the pet. Pyriproxyfen is absorbed onto, and sticks tightly to hair and skin, even after complete rinsing. This insect growth regulator (a synthetic flea hormone) kills fleas and their eggs for 1 month and breaks the flea's life cycle by preventing the development of new fleas in the pet's environment and the build-up of reinfestation pressure. Shake well before using.

Wet the pet thoroughly with warm water. Apply product on to the pet's back.

[For dogs, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg)]. For long hair dogs you can use up to 1 tablespoon for each 5 lbs of bodyweight [(6.6 mL per kg)]. Do not apply more than 16 tablespoons (8 fl oz) per dog.]

[For cats, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg)]. For long hair cats you can use up to 1 tablespoon for each 5 lbs of bodyweight [(6.6 mL per kg)]. Do not apply more than 6 tablespoons (3 fl oz) per cat.]

Massage well into the skin to obtain good lathering over the entire body. Allow lather to remain in contact for at least 10 minutes then rinse off. Allow pet to air dry or blow dry. To maintain effective flea life cycle control (through IGR flea egg killing) repeat treatment at least once every month. Under conditions of flea reinfestation pressure from the environment, repeat treatment when new parasites are seen on the pet, but not more frequently than once weekly on dogs and twice monthly on cats.
