Kelli A. Ten Hulzen
Sergeant's Pet Care Products, Inc.
10077 South 134th Street
Omaha, NE 68138

Subject: Notification per PRN 98-10 – Alternate Brand Name

EPA Registration Number: 2517-114
Pyrethrins-Pyriproxyfen Residual Oversterilant Shampoo # 1

Date of Submission: October 8, 2013

Dear Ms. Ten Hulzen:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration (PRN) 98-10 for the abovementioned product. The Registration Division (RD) has conducted a review of this request and finds that the actions requested fall within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have questions regarding this letter, please contact Olga Odiott at (703) 308-9369.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

Richard Gebken
Product Manager 10
Insecticide Branch
Registration Division (7505P)

Please read instructions on reverse before completing form.

EPA Reg. No. 2517-114
EPA SAL 23 October 2012

FOR USE ON [CATS] [AND] [KITTENS (OVER 6 MONTHS OF AGE)], [DOGS] [AND] [PUPPIES (OVER 12 WEEKS OF AGE)] TO KILL FLEAS AND TICKS.

The dual synergistic pyrethrins provide immediate killing of fleas and ticks on the pet. Pyriproxyfen is absorbed onto, and sticks tightly to hair and skin, even after complete rinsing. This insect growth regulator (a synthetic flea hormone) kills fleas and their eggs for 1 month and breaks the flea's life cycle by preventing the development of new fleas in the pet's environment and the build-up of reinfestation pressure.

Shake well before using. Wet the pet thoroughly with warm water. Apply product onto the pets back. [For dogs, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg).] For long hair dogs you can use up to 1 tablespoon for each 5 lbs bodyweight [(6.6mL per kg).] Do not apply more than 16 tablespoons (8 fl oz) per dog.]

OR

[For cats, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg).] For long hair cats you can use up to 1 tablespoon for each 5 lbs bodyweight [(6.6mL per kg).] Do not apply more than 6 tablespoons (3 fl oz) per cat.]

Massage well into the skin to obtain good lathering over the entire body. Allow lather to remain in contact for at least 10 minutes then rinse off. Allow pet to air dry or blow dry. To maintain effective flea life cycle control (through IGR flea egg killing) repeat treatment at least once every month. Under conditions of flea reinfestation pressure from the environment, repeat treatment when new parasites are seen on the pet, but not more frequently than once weekly on dogs and twice monthly on cats.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed, by storage or disposal.

PESTICIDE STORAGE: Do not store near heat or open flame. Store in original container in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Non-refillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
