AND POLLUTION PREVENTION

SEP 18 2012

Mr John Wright
Agent for Sergeant's Pet Care Products, Inc
2625 South 158th Plaza
Omaha, NE 68130-1770

Subject **Amended Reregistration Label for Pyrethrin-Pyriproxyfen Residual
Ovisterilant Shampoo #3
D414202, D412243 and D411005
EPA Reg No 2517-116**

Dear Mr Wright

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the referenced product in connection with the **Pyrethrins, Piperonyl butoxide and MGK 264 RED**, and has concluded that your submission is acceptable

PLEASE NOTE This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time

PLEASE NOTE That the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below Any previously dated CSF's are superseded

- Basic CSF, dated February 25, 2011

A copy of your label stamped Acceptable is enclosed Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec 6(e)

If you have any questions about this letter, please contact Linda A DeLuise at (703) 305-5428 or via e-mail at deluse.linda@epa.gov or Mr Richard J Gebken at (703) 305-6701 or via e-mail at Gebken.Richard@epa.gov

Sincerely yours,

lv
Richard Gebken

HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment You may also contact 1-800-781-4738 for emergency medical treatment information	

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic organisms, including fish and invertebrates To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

The dual synergized pyrethrins provide immediate killing of fleas and ticks on pets Pyriproxyfen, in this special formulation, is absorbed onto, and sticks tightly to hair and skin, even after complete rinsing This insect growth regulator (a synthetic flea hormone) sterilizes all fleas that jump onto the pet (even new fleas before they start laying eggs) and therefore kills all flea eggs This action persists for 1 month and breaks the flea's life cycle by preventing the development of new fleas in the pet's environment and the build-up of reinfestation pressure

SHAKE WELL BEFORE USING

USE RESTRICTIONS

Do not apply to pets less than 12 weeks old

Do not apply to kittens less than 6 months old {when appropriate}

Consult a veterinarian before applying this product on medicated, debilitated, aged, pregnant, or nursing animals

Sensitivities may occur after using any pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

Wet the pet thoroughly with warm water. Apply product on to the pet's back.

[For dogs, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg)]]
For long hair dogs you can use up to 1 tablespoon for each 5 lbs of bodyweight [(6.6 mL per kg)]] Do not apply more than 17 tablespoons (8.5 fl oz) per dog.]

[For cats, use approximately 1 teaspoon for each 5 lbs of bodyweight [(2.2 mL per kg)]]
For long hair cats you can use up to 1 tablespoon for each 5 lbs of bodyweight [(6.6 mL per kg)]] Do not apply more than 6 tablespoons (3 fl oz) per cat.]

Massage well into the skin to obtain good lathering over the entire body. Allow lather to remain on contact for at least 10 minutes then rinse off. Allow pet to air dry or blow dry. To maintain effective flea life cycle control (through IGR flea egg killing) repeat treatment at least once every month. Under conditions of flea reinfestation pressure from the environment, repeat treatment when new parasites are seen on the pet, but not more frequently than once weekly on dogs and twice monthly on cats.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal

PESTICIDE STORAGE Do not store near heat or open flame. Store in original container in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING Nonrefillable container. Do not reuse or refill this container. **If empty** Place in trash or offer for recycling if available. **If partly filled** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
