

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

2517-128

Date of Issuance:

11/1/24

NOTICE OF PESTICIDE:

☒ Registration
☐ Reregistration

(under FIFRA, as amended)

Term of Issuance:

Conditional, Time-Limited
Expires: 11/1/2026

Name of Pesticide Product:

Cyphenothrin + Methoprene
Squeeze-On for Dogs (30%)

Name and Address of Registrant (include ZIP Code):

Sergeant's Pet Care Products, LLC
10077 South 134th Street
Omaha, NE 68138-3710

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Cyphenothrin and Methoprene Interim Decisions, and has concluded that your submission is acceptable.

The alternate brand names have been added to the product record:

- Sergeant's Plus Squeeze-On for Dogs and Puppies (30%)
- Sergeant's AdvanSpot Plus Flea and Tick Squeeze-On for Dogs and Puppies (30%)
- Sergeant's AdvanSpot Plus Squeeze-On for Dogs and Puppies (30%)
- Sergeant's Gold Flea and Tick Squeeze-On for Dogs and Puppies (30%)
- Sergeant's Gold Squeeze-On for Dogs and Puppies (30%)

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Product Manager 3
IVB1, Registration Division (7505P)

Date:

11/1/24

EPA Form 8570-6

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product, and is extending the two-year registration restriction. This registration is time-limited and expires 11/1/2026.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the initial registration notice dated 4/30/2010.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ

from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/03/2014
- Alternate CSF 1 dated 07/03/2014

If you have any questions, please contact Hester Dingle at 202-566-2596 or at dingle.hester@epa.gov.

[Apply Once Every [30 days] [4 weeks] [Month]]

READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS AND PUPPIES 12 WEEKS [OF AGE] OR OLDER
AND WEIGHING 61 LBS AND OVER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed or absorbed through skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Overdosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product. This product is not a substitute for prescribed heartworm preventative.

FIRST AID	
IF IN EYES	<ul style="list-style-type: none">• Hold eye open and rinse slowly and gently with water for 15-20 minutes.• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.• Call a poison control center or doctor for further treatment advice.
IF ON SKIN OR CLOTHING	<ul style="list-style-type: none">• Take off contaminated clothing.• Rinse skin immediately with plenty of water for 15-20 minutes.• Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none">• Immediately call a poison control center or doctor.• Do not induce vomiting unless told to do so by a poison control center or doctor.• Have person sip a glass of water if able to do so.• Do not give anything by mouth to an unconscious person.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-781-4738.	
NOTE TO PHYSICIAN OR VETERINARIAN	
Treat patient symptomatically	

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Application of product on pets must only be done indoors. Use entire contents of [tube][vial] on each dog. Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied.

Sergeant's Master Label

Supersedes EPA SAL 01/27/2017

RESTRICTIONS

Do not allow children to apply product.
Do not use on cats or animals other than dogs.
Do not allow your dog to ingest this product.
Do not use on dogs or puppies under 12 weeks of age or less than 61lbs.
Do not apply more than one [tube] [vial] to one dog regardless of dog's weight.
Do not split one tube between dogs.
Do not bathe or allow dog to swim for 24 hours after application.

[Clip. Part. Squeeze.]

[Easier-than-ever applicator lets you **clip** the tip, **part** the fur and **apply** directly to the skin – putting protection against fleas and ticks where it needs to be.]

How to open: Remove product [tube][vial] [s] from the package. [Separate one [tube][vial] from the others.] [[Holding][Hold] the [tube][vial] with notched end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.] {OR} [[Holding][Hold] the [tube][vial] with notched end pointing up and away from the face and body, use scissors to cut off the narrow end at the notches along the line.]

How to apply: Invert [tube][vial] over dog and use open end to part dog's hair. Squeeze [tube][vial] firmly to apply the solution to the dog's skin, as directed below.

Only for dogs [weighing] 61 lbs and Over. Apply one [tube][vial] [from the back of the neck to a point midway between the neck and tail] {or} [as a [stripe][line] starting [at the middle of the back][at a midway point between the neck and tail] and ending [at a spot] between the shoulder blades.] [This allows for a more direct application to the skin.]

Frequency of Application

Use [product name][this product] monthly to break the flea life cycle and control flea, tick and mosquito on dogs.] Do not apply more often than once every [4 weeks] [month] [30 days].

{Side Effects box to be located immediately above the cat warning box on the back label panel}

Side Effects: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied]. Dog may experience [some] temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have been reported. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If these or other side effects occur, consult your veterinarian or call 1-800-781-4738. If your dog has an unusual reaction to the application, consult a veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right-hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS. MAY BE FATAL. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian immediately.
