

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs  
Registration Division (7505P)  
1200 Pennsylvania Ave., N.W.  
Washington, D.C. 20460

NOTICE OF PESTICIDE:

☒ Registration  
☐ Reregistration

(under FIFRA, as amended)

EPA Reg. Number:

2517-130

Date of Issuance:

11/1/24

Term of Issuance:

Conditional, Time-Limited  
Expires: 11/1/2026

Name of Pesticide Product:

Cyphenothrin + Pyriproxyfen  
Squeeze-On for Dogs (30%)

Name and Address of Registrant (include ZIP Code):

Sergeant's Pet Care Products, LLC  
10077 South 134<sup>th</sup> Street  
Omaha, NE 68138-3710

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Cyphenothrin and Pyriproxyfen Interim Decisions, and has concluded that your submission is acceptable.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The alternate brand names have been added to the product record:

- Sergeant's [Plus] [Flea and Tick] Squeeze-On for Dogs [and Puppies]
- Sergeant's Gold [Plus] [Flea and Tick] Squeeze-On for Dogs [and Puppies]
- SentryPro XFC [Flea and Tick] Squeeze-On for Dogs [and Puppies]

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Product Manager 3  
IVB1, Registration Division (7505P)

Date:

11/1/24

EPA Form 8570-6

2. The Agency has found your company to be in compliance with the terms and conditions for the subject product, and is extending the two-year registration restriction. This registration is time-limited and expires 11/1/2026.
3. Please note that the product is still subject to all other previously required conditions of registration. Your company is required to adhere to the spot-on label mitigation, and to submit quarterly enhanced incident reports and quarterly sales information as stated in the initial registration notice dated 4/30/2010.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ

from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

Please note that the record for this product currently contains the following CSF:

- Basic CSF dated 02/09/2023

If you have any questions, please contact Hester Dingle at 202-566-2596 or at [dingle.hester@epa.gov](mailto:dingle.hester@epa.gov).

## {BACK/SIDE PANEL}

[Apply Once Every [30 days][4 weeks][Month]]  
[Can be applied [monthly] [every [30 days][4 weeks][Month]]

**READ ENTIRE LABEL BEFORE EACH USE**  
**USE ONLY ON DOGS AND PUPPIES 12 WEEKS [OF AGE] OR OLDER**  
**WEIGHING [MORE THAN 61 LBS] [61 LBS AND OVER]**

## PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS. CAUTION:** Causes moderate eye irritation. Avoid contact with eyes or clothing. Harmful if swallowed or absorbed through skin. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

**HAZARDS TO DOMESTIC ANIMALS.** For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. This product is not a substitute for prescribed heartworm preventative. Do not treat your dog with more than one pesticide product at a time. Overdosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant, nursing dogs, or dog with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product. This product is not a substitute for prescribed heartworm preventative.

## FIRST AID

<b>IF IN EYES</b>	<ul style="list-style-type: none"><li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes.</li><li>• Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>• Call a poison control center or doctor for further treatment advice.</li></ul>
<b>IF ON SKIN OR CLOTHING</b>	<ul style="list-style-type: none"><li>• Take off contaminated clothing.</li><li>• Rinse skin immediately with plenty of water for 15-20 minutes.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
<b>IF SWALLOWED</b>	<ul style="list-style-type: none"><li>• Immediately call a poison control center or doctor.</li><li>• Do not induce vomiting unless told to do so by a poison control center or doctor.</li><li>• Have person sip a glass of water if able to do so.</li><li>• Do not give anything by mouth to an unconscious person.</li></ul>

## HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-781-4738.

## NOTE TO PHYSICIAN OR VETERINARIAN

Treat patient symptomatically

## DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Dog must be dry at time of application and remain dry for 24 hours after application. Use entire contents of [tube] [vial] on each dog. Weigh your dog to be sure you are applying the right dose

Supersedes EPA SAL 11/20/2017

formulated for the weight of your dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. Application of product on pets must only be done indoors.

## RESTRICTIONS:

Do not allow children to apply product.

Do not use on cats or animals other than dogs.

Do not allow your dog to ingest this product.

Do not use on dogs less than 61 lbs.

Do not bathe or allow dog to swim for 24 hours after application.

Do not apply more than one [tube][vial] per treatment for one dog regardless of dog's weight.

Do not reapply for [30 days][4 weeks][one month].

**How to open:** Remove product tube(s) [vial(s)] from the package. [Separate one tube [vial] from the others.] [[Holding]][Hold] the tube [vial] with notched end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.] **{OR}** [[Holding]][Hold] the tube [vial] with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.]

**How to apply:** Invert tube [vial] over dog and use open end to part dog's hair. Squeeze tube [vial] firmly to apply all of the solution to the dog's skin, as directed below. Repeat application if necessary, but not more than once every [30 days][4 weeks][Month].

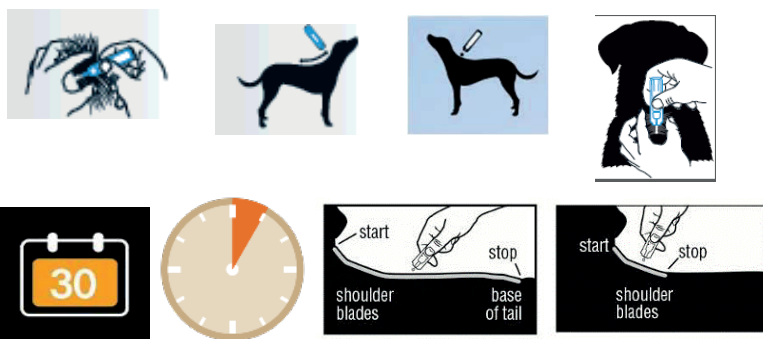

## For Dogs Weighing 61 lbs and Over.

Apply one tube [(6.0 mL)(0.20 fl oz)] from the back of the neck to a point midway between the neck and tail.

## [Frequency of Application:

When used [monthly] [every [30 days][4 weeks][Month]] {product name} breaks the flea life cycle and controls flea and tick infestations.]

[Optional drawings that may or may not appear anywhere on finished label]

{Side Effects box to be located immediately above the cat warning box on the back label panel}

**Side Effects:** Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience [some] temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. Gastrointestinal signs such as vomiting or diarrhea have been reported. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If any side effects occur or your dog has unusual reaction to the application, consult your veterinarian or call 1-800-781-4738. Consult your veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS. MAY BE FATAL. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian immediately.

## STORAGE AND DISPOSAL

**PESTICIDE STORAGE:** Do not remove tube [vial] from the pack until ready to use. Store in a cool [below 77°F (25°C)], dry place out of reach of children. Do not refrigerate. Protect from direct sunlight.

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Nonrefillable container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

[[Brand name] is an effective and easy to use product. [Brand name] prevents eggs from fleas on treated dogs from developing into biting adults for [30 days][4 weeks][one Month]. [As with all flea and tick control products, [Brand name] should be used as part of a program aimed at reducing flea populations in the dog's environment (bedding, carpets, kennel, yard).] [Consult your retailer for program recommendations.]]
