Subject: Label Amendment - Registration Review Mitigation for Etofenprox and
Pyriproxyfen
Product Name: ETOFENPROX/NYLAR SPOT-ON FLEA AND TICK FOR DOGS &
PUPPIES
EPA Registration Number: 2517-133
Application Dates: 04/30/2024 and 3/11/2025
Decision Number: 595727, 596842

Dear Prince M. Bamaze:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Etofenprox and Pyriproxyfen Interim Decisions, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact DeMariah Cotton by phone at (202)-566-2288 or via email at cotton.demariah@epa.gov.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Linda Arrington', with a stylized flourish at the end.

Linda Arrington, Branch Chief
Risk Management and Implementation Branch 4
Pesticide Re-Evaluation Division
Office of Pesticide Programs

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS: CAUTION. Causes moderate eye irritation. Avoid contact with eyes and clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Overdosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product. This product is not a substitute for prescribed heartworm preventative.

OR {Text within box designates Vet Only language. All required text on Master Label applies to all type of packaging. The 'Vet Only language' applies additionally to labeling for products sold to Vets.}

HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. This product is not a substitute for prescribed heartworm preventative. Do not treat a dog with more than one pesticide product at a time. Overdosing a dog can result in serious illness and even death. Use caution before using on medicated, debilitated, aged, pregnant, nursing dogs or dogs with known organ dysfunction. If the dog is exhibiting signs of and/or is being treated for skin dermatitis, use caution before applying any topical flea and tick control product.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, and then continue rinsing. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

PHYSICAL OR CHEMICAL HAZARDS: Combustible: Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For indoor use only. Use entire contents of [tube] [vial] on each dog. Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. Best if used year round. Households with more than one pet should not allow dogs or cats to groom each other until solution has dried. Application of product on pets must only be done indoors.

RESTRICTIONS:

Do not allow children to apply product.
Do not get this product in your dog's eyes or mouth.
Do not apply more often than once [a month] [every 30 days] [every 4 weeks].
Do not use on cats, rabbits or animals other than dogs.
Do not allow your dog to ingest this product.
Do not use on puppies under 12 weeks of age or less than [4] [11] lbs.
Do not bathe or allow dog to swim within 24 hours after application.
Do not apply more than one [tube][vial] per treatment for one dog regardless of dog's weight.
Do not reapply for [30 days][4 weeks][one month].

{Side Effects box to be located in the lower right hand corner of the back label panel immediately above the "cat prohibition" box}

Side Effects: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience [some] temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If any side effects occur or your dog has unusual reaction to the application, consult your veterinarian or call 1-800-781-4738. Consult your veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS. Keep cats away from treated dogs for 24 hours. If applied to a cat or ingested by a cat, contact your veterinarian.

[See Insert inside [or] [Folded Panel(s)/Flap] for information on **How to open** and **How to apply**]

{Referral Statement used only when 'Directions for Use' on outer packaging does not contain information below}

How to open: Remove product [tube(s)] [vial(s)] from the package. [Separate one [tube][vial] from the others.] [Holding the [tube][vial] with notched end pointing up and away from the face and body, cut off the narrow end at the notches with scissors.] {OR} [Hold the [tube][vial] with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.]

How to apply: While holding the dog with one hand, use the other hand to apply the solution. Invert the [tube][vial] and use the narrow end to part the dog's hair while gently squeezing to apply to the dog's skin. Hold the dog for a few seconds to give the solution time to be absorbed into the dog's coat. When finished, wrap the [tube][vial] in paper and put into the trash.

[Only for use on Dogs weighing 4 to 10 lbs. and 12 weeks [of age] or older. Do not use on dogs less than 4 lbs. Apply contents of one (2.0 mL) [tube][vial] of [Product Name] [Squeeze-on] as a spot high on the back of the dog's neck behind its head and apply as a stripe to a point midway between the neck and the tail.]
