Prince Bamaze
Manager Regulatory Affairs
Sergeant's Pet Care Products, LLC
10077 South 134th Street
Omaha, NE 68138-3710

Subject: Label Amendment - Registration Review Mitigation for Cyphenothrin
Product Name: SERGEANT'S FIPRONIL + CYPHENOTHHRIN + NYLAR SQUEEZE-ON
FOR DOGS
EPA Registration Number: 2517-143
Case Number: 472259
Application Date: January 20, 2021

Dear Prince Bamaze:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Cyphenothrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must

submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Theodore Varns by phone at 202-566-2241, or via email at varns.theodore@epa.gov.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kevin Costello", is positioned above the typed name.

Kevin Costello, Branch Chief
Risk Management and Implementation Branch 2
Pesticide Re-Evaluation Division
Office of Pesticide Programs

BACK/SIDE PANEL

**DOG SQUEEZE ON
FIPRONIL+CYPHENOTHHRIN+NYLAR**

[[Brand name] [This product] contains fipronil, cyphenothrin, and the insect growth regulator (IGR) Pyriproxyfen to effectively kill fleas [(starts killing in as little as 1 hour)], ticks [(starts killing in as little as 1 hour)], and kills flea eggs, flea larvae, [mosquitoes] and chewing lice. The active ingredients in [full or partial brand name] feature a sustained release formula developed for fast acting [and long lasting] control of fleas, ticks, [mosquitoes] and chewing lice for up to [1 month] [[4] [four] weeks] on dogs.]

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON DOGS AND PUPPIES OVER 12 WEEKS OF AGE
[WEIGHING] [5-22], [23-44], [45-88] [89- 132] lbs.**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS. CAUTION. Harmful if absorbed through skin. Harmful if swallowed. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only. Individual sensitivities, while rare, may occur after using any pesticide product on dogs. Certain medications can interact with pesticides. Do not treat your dog with more than one pesticide product at a time. Over dosing your dog can result in serious illness and even death. Consult a veterinarian before using on medicated, debilitated, aged, pregnant or nursing dogs. Consult a veterinarian before using on dogs with known organ dysfunction. If your dog is exhibiting signs of and/or is being treated for skin dermatitis, talk to your veterinarian before applying any topical flea and tick control product. This product is not a substitute for prescribed heartworm preventative.

OR {Text within box designates Vet Only language. All required text on Master Label applies to all type of packaging. The 'Vet Only language' applies additionally to labeling for products sold to Vets.}

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For indoor use only. To prevent harm to you and your dog, read entire label before each use. Follow all directions and precautionary statements carefully. Dog must be dry at time of application and remain dry for 24 hours after application. Use entire contents of [tube] [vial] on each dog. Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog. Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied. Application of product on pets must only be done indoors.

RESTRICTIONS:

Do not allow children to apply product.
Do not use on cats, rabbits or animals other than dogs.
Do not allow your dog to ingest this product.
Do not use on puppies under 12 weeks of age or less than [5][23][45][89] lbs.
Do not bathe or allow dog to swim for 24 hours after application.
Do not apply more than one tube [vial] to one dog regardless of dog's weight.
Do not reapply for [30 days][4 weeks][one month].

{Side Effects box to be located in the lower right hand corner of the back panel immediately above the "cat prohibition" box.}

Side Effects: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience [some] temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If any side effects occur or your dog has an unusual reaction to the application, consult your veterinarian or call 1-800-781-4738. Consult your veterinarian before repeating application.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

DO NOT USE ON CATS - MAY BE FATAL. Keep cats away from treated dogs for 24 hours.
If applied to a cat or ingested by a cat, contact your veterinarian immediately.

[See Insert inside [or] [Folded Panel(s)/Flap] for information on **How to open** and **How to apply**]
{Referral Statement used only when 'Directions for Use' on outer packaging does not contain information below}

How to open: Remove product tube[s] [vial] from the package. [Separate one tube from the others.] Hold the tube [vial] with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

How to apply: Invert [tube] [vial] over dog and use open end to part dog's hair. Squeeze [tube] [vial] firmly to apply all of the solution to the dog's skin, as directed below. Repeat application may be made if necessary, but do not apply more often than once every 30 days.

{For cartons containing 0.67 ml (0.023 fl. oz.) [tube] [vial] (s)}

**Only For Dogs Weighing 5[-][to] 22 lbs. Do not apply to dogs less than 5 lbs.
[including small dogs and puppies, 12 weeks or older]**

Apply one [tube] [vial] (0.67 ml) (0.023 fl. oz.) [directly to skin] [from the back of the neck to a point midway between the neck and tail] [as a spot [on][to] the dog's back between the shoulder blades][as a [stripe][line] starting [at the middle of the back][at a midway point between the neck and tail] and ending [at a spot] between the shoulder blades.][This allows for a more direct application to the skin.]

{For cartons containing 1.34 ml (0.045 fl. oz.) [tube] [vial] (s)}

Only For Dogs Weighing Between 23[-][to]44 lbs. Do not apply to dogs less than 23 lbs.

Apply one [tube] [vial] (1.34 ml) (0.045 fl. oz.) [directly to skin] [from the back of the neck to a point midway between the neck and tail] [as a spot [on][to] the dog's back between the shoulder blades][as a [stripe][line] starting [at the middle of the back][at a midway point between the neck and tail] and ending [at a spot] between the shoulder blades.][This allows for a more direct application to the skin.]

{For cartons containing 2.68 ml (0.091 fl. oz.) [tube] [vial] (s)}

Only For Dogs Weighing Between 45[-][to]88 lbs. Do not apply to dogs less than 45 lbs.

Apply one [tube] [vial] (2.68 ml)(0.091 fl. oz.) [directly to skin] [from the back of the neck to a point midway between the neck and tail] [as a spot [on][to] the dog's back between the shoulder blades][as a [stripe][line] starting [at the middle of the back][at a midway point between the neck and tail] and ending [at a spot] between the shoulder blades.][This allows for a more direct application to the skin.]

{For cartons containing 4.02 ml (0.136 fl. oz.) [tube] [vial] (s)}

Only For Dogs Weighing 89[-][to]132 lbs. Do not apply to dogs weighing less than 89 lbs.

Do not use two [tubes] [vials] on dogs greater than 132 lbs.

Apply one [tube] [vial] (4.02 ml)(0.136 fl. oz.) [directly to skin] [from the back of the neck to a point midway between the neck and tail] [as a spot [on][to] the dog's back between the shoulder blades][as a [stripe][line] starting [at the middle of the back][at a midway point between the neck and tail] and ending [at a spot] between the shoulder blades.][This allows for a more direct application to the skin.]

FREQUENCY OF APPLICATION

Use [Brand name][this product] monthly for complete control of flea, tick [and] chewing lice [and to kill [mosquitoes]] [infestations]. [Brand name][this product] kills fleas (starts killing in as little as [5 minutes][15 minutes][1 hour]) for up to two months. If your dog is at high risk for flea reinfestation [, or in a highly infested environment], apply monthly. Apply monthly to control ticks, [mosquitoes] and
