Subject Application for Pesticide Notification (Label Revision) for
Sergeant s Fipronil + Etofenprox + Methoprene Spot On for Cats
(EPA Registration Number 2517 145)

Dear Mr Gebken

Sergeant s Pet Care Products Inc (EPA Company Number 2517) is submitting a notification of revision to the master label for the end use product Sergeant s Fipronil + Etofenprox + Methoprene Spot On for Cats (EPA Registration Number 2517 145) The following items are enclosed in support of this notification

- Application for Pesticide Amendment (EPA Form 8570 1) and
- Product master label v12 1 (2 copies one with changes highlighted)

Sergeant s is submitting this notification to add optional marketing graphics and minor text additions to the labels Per Pesticide Registration Notice 96 6 the label now includes language related to pregnant or nursing animals in the Hazards to Domestic Animals section These minor label changes are being made via notification because they do not affect the dosage concentration, frequency or method of application or increase the amount of exposure All changes have been highlighted on one copy of the revised label (sections that include new optional graphics are denoted by the following [Optional diagram may or may not appear anywhere on the finished label])

This notification is consistent with the provisions of PR Notice 98 10 and EPA regulations at 40 CFR 152 46 and no other changes have been made to the labeling or the confidential statement of formula of this product I understand that it is a violation of 18 U S C Sec 1001 to willfully make any false statement to EPA I further understand that if this notification is not consistent with the terms of PR Notice 98 10 and 40 CFR 152 46 this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA

Richard Gebken
June 7 2012

BACK/SIDE PANEL

**CAT SPOT ON
FIPRONIL+ETOFENPROX+METHOPRENE**

[Full or Partial Brand Name] contains Fipronil, Etofenprox and [the insect growth regulator] [IGR] (S)-Methoprene to effectively kill fleas ticks [mosquitoes] and chewing lice. The active ingredients in [Full or Partial Brand Name] features a sustained release formula developed for fast acting [and long lasting] control of fleas ticks [mosquitoes] and chewing lice [for 30 days] on cats [and kittens over 12 weeks old].

**READ ENTIRE LABEL BEFORE EACH USE
USE ONLY ON CATS AND KITTENS OVER 12 WEEKS OF AGE**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS CAUTION Causes moderate eye irritation. Do not get in eyes or on clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Harmful if swallowed. Harmful if absorbed through skin.

HAZARDS TO DOMESTIC ANIMALS For external use only. Do not use on kittens under 12 weeks of age. Individual sensitivities, while rare, may occur after using any pesticide product. [Some cats may experience temporary startle effects when any product is applied.] If signs persist or become more severe within a few days of application, consult a veterinarian immediately. If your pet has an unusual reaction to the initial application, consult a veterinarian before repeating treatment. Certain medications can interact with pesticides. Consult a veterinarian before using on medicated, pregnant, nursing, debilitated or aged animals. Call 1 800 224 PETS [7387] for 24 hour assistance.

FIRST AID

If In Eyes	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for further treatment advice.
If On Skin Or Clothing	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If Swallowed	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For more information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), you may call 1 800 781 4738.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

READ ENTIRE LABEL BEFORE EACH USE

FOR EXTERNAL USE ON CATS ONLY Do not use on kittens under 12 weeks of age Use entire contents of tube [vial] on each cat [Do not split tubes between cats] [Do not use multiple tubes on one cat] Do not treat your cat with more than one pesticide product at a time Over dosing your cat can result in serious illness and even death **Best if used year round** Consult a veterinarian before using this product on debilitated aged medicated cats Consult a veterinarian before using on cats with known organ dysfunction Separate the treated cat from all other cats and dogs for 24 hours after treatment has been applied Cats and dogs that actively groom or engage in close physical contact with treated cat may be at risk of serious harmful effects The most common signs of ingestion are excessive salivation and foaming at the mouth If these symptoms occur immediately feed your cat and continue to monitor your pet for the next 24 hours

Sensitivities may occur after using ANY pesticide product on cats If signs of sensitivity occur bathe your cat with a mild soap and rinse with large amounts of water If signs continue, consult a veterinarian immediately by calling 1-800-781-4738

[Optional diagram may or may not appear anywhere on the finished label]

[{Outer Packaging}]

How to open Remove product tube(s) [vial] from the package [Separate one tube from the others] Hold the tube [vial] with notched end pointing up and away from the face and body Use scissors to cut off the narrow end at the notches along the line

How to apply While holding the cat with one hand use the other hand to apply the solution Invert the tube [vial] and use the narrow end to part the cat s hair Apply contents of one tube [vial] of {**Full or Partial Brand Name**} [as a stripe starting high on the back of the cat s neck to in front of the shoulder blades] [as a spot between the shoulder blades] Hold the cat for a few seconds to give the solution time to be absorbed into the cat s coat When finished wrap the tube [vial] in paper and put into the trash Only one applicator per treatment is needed

FREQUENCY OF APPLICATION

Use [Full or Partial Brand Name] monthly for complete control of flea tick [and] chewing lice [and mosquito] infestations [Full or Partial Brand Name] kills fleas for up to six weeks and flea eggs [and] flea larvae [and prevents flea pupae] for up to 4 months Apply monthly if your pet is at high risk for flea reinfestation[or in a highly infested environment] Apply monthly to control ticks [mosquitoes] and chewing lice [[Full or Partial Brand Name] kills mosquitoes within 24 hours for up to 14 days and within 48 hours for up to 28 days] [Full or Partial Brand Name] remains effective even after bathing water immersion or exposure to sunlight Allow treated area to dry thoroughly Do not reapply for 30 days
