Mr. Reginald Coler  
Consultant for Sergeant's Pet Care Products, Inc.  
Exponent  
1150 Connecticut Avenue NW  
Suite 1100  
Washington, DC 20036

Subject: Label and CSF Amendment – Registration Review Label Mitigation for d-Limonene new Basic Confidential Statement of Formula (CSF)  
Product Name: Rodspray Indoor Crawling Insect Killer  
EPA Registration Number: 2517-159  
Application Date: May 11, 2016  
Decision Number: 518219

Dear Mr. Coler:

The amended label and CSF(s) referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, are acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Please note that the record for this product currently contains the following CSF(s):

- Basic CSF dated 08/12/2016

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product

would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Linda A. DeLuise by phone at 703-305-5428, or via email at [deluise.linda@epa.gov](mailto:deluise.linda@epa.gov).

Sincerely,

Richard Gebken  
Product Manager 10

## PRECAUTIONARY STATEMENTS

### FIRST AID

**If Swallowed:** Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give **any** liquid to the person. Do not give anything by mouth to an unconscious person.

**Note to Physician:** Contains petroleum distillate. Vomiting may cause aspiration pneumonia.

### Physical or Chemical Hazards

Contents under pressure. Do not use near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

## DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

**Restriction:** Do not spray plants, animals or food.

**Two-Way Spray:** Press button *very lightly* to get a narrow stream for insects hiding in cracks and crevices. Press *firmly* for a fine mist to spray surfaces where the listed insect pests crawl. Pests must be directly sprayed in order to be killed.

### Indoors

**To Kill Listed Crawling Pests:** In a well-ventilated room, with nozzle pointing away from your face, directly spray pests that you see. May be used in homes, restaurants, hospitals, schools and food handling establishments.

Specific sites where these pests may be found are kitchen cabinets, drawers and closets, under sinks and in wall and floor cracks and crevices.

**To Kill Fleas:** Before spraying, test a corner of fabric for compatibility. Hold container tilted down away from your face and with a sweeping side-to-side motion spray carpets, rugs, dog and cat bedding and under furniture. Fleas contacted with the spray will be killed.[ One 15 oz. container treats 200 sq. ft. ] [One 12 oz. container treats 160 sq. ft. ]{or other appropriate conversion based on container size}
