AND POLLUTION PREVENTION

September 2, 2015

Prince Bamaze  
Sergeant's Pet Care Products, Inc.  
10077 S. 134<sup>th</sup> St.  
Omaha, NE 68138

Subject: Label Amendment – Add Marketing Statements and Alternate Brand Names  
Product Name: SPCP 4  
EPA Registration Number: 2517-166  
Application Date: June 15, 2015  
Decision Number: 506181

Dear Mr. Bamaze:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Maggie Rudick by phone at 703-347-0257, or via email at [rudick.maggie@epa.gov](mailto:rudick.maggie@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read 'Kable Bo Davis', enclosed within a hand-drawn oval.

Kable Bo Davis, Product Manager 3  
Invertebrate and Vertebrate Branch 1  
Registration Division (7505P)

### [PRODUCT INFORMATION]

[[{Product Name}] [This collar kills fleas and ticks for up to [2][two][3][three][4][four][5][five][6][six] months.] Collar is a [double layer] sustained-release system [containing deltamethrin] combining the insecticidal actions of vapors and powders [working in [two] [three] ways to provide head to tail protection]. Thus, collar has the effect of simultaneous usage of a spray and powder [in the control of fleas and ticks, including ticks that may carry Rocky Mountain spotted fever]. Use [{Product Name}] year round for most effective control. [Replace every [2][two][3][three][4][four][5][five][6][six] months or sooner if needed.]

[[{Product Name}], containing deltamethrin insecticide, has been specially formulated using [patented] insecticide-release technology. [Maximum effectiveness may not occur for 2-3 weeks after collar placement.] [If your dog is infested, you may consider shampooing your dog with an EPA registered [brand name] [flea and tick shampoo] to provide immediate relief from itching and biting before applying the [collar][product name]. Fleas (*Ctenocephalides sp.*) on the dog will be killed and ones which are present in the dog's environment that may appear on your pet will be killed. Collar will also kill ticks for up to [2][two][3][three][4][four][5][five][6][six] months. Collar will kill ticks including Brown dog tick (*Rhipicephalu sanguineus*), American dog tick (*Dermacentor variabilis*), and deer ticks (*Ixodes scapularis* and *Ixodes pacificus*), which may carry the Lyme disease. This collar should be worn continuously.] [Reapply a new collar every [2][two][3][three][4][four][5][five][6][six] months.]

### **PRECAUTIONARY STATEMENTS** **HAZARDS TO HUMANS AND DOMESTIC ANIMALS** **CAUTION**

Do not open protective [pouch][package] until ready to use. Do not let children play with this collar. Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling.

Do not use on puppies under 12 weeks. Do not use on cats. Consult a veterinarian before using this product on debilitated, aged, pregnant, medicated, or nursing animals. Sensitivities may occur after using ANY pesticide products for pets. If signs of sensitivity occur, remove collar and bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

This collar is intended for use only as an insecticide and is not to be taken internally by humans or animals.

## DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

Do not open until ready to use. Dust [will][may] form on collar during storage. Do not get dust in mouth or eyes.] Place collar around pet's neck, adjust for fit, and buckle in place. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened, will snugly slide over pet's head. Leave 2 or 3 inches for extra adjustment. Cut off and dispose of excess length. Wash hands after [installing] [placing] collar on pet. Replace collar every [2][two][3][three][4][four][5][five][6][six] months or sooner if needed.

### ***[OPTIONAL ALTERNATE DIRECTIONS FOR USE FOR INJECTION MOLDED COLLARS]***

[[1.] Do not open until ready to use. Dust [will] form on collar during storage. Do not get dust in mouth or eyes. Take the collar out of the packaging and stretch to full length. [The tabs that held the collar in place [should][will] fall off when stretching; pull on any remaining tabs to remove them.]

EPA SAL 3 June 2014

[[2.] Bend the buckle in half between the holes in the buckle, so that you can easily pass the end of the collar through both holes.]

[[3.] Place the collar around your pet's neck. Feed the collar through both holes [[ridges][notches] facing out]. Fit to the neck of the dog. The collar must be worn loosely to allow for growth of the pet and to permit the collar to move about the neck. Generally, a properly fitted collar is one that, when fastened, will snugly slide over pet's head[, and two fingers can be placed between the collar and pet's neck]. Leave [2 or 3] [1 or 2] extra inches for collar adjustment, cut off remaining excess collar and dispose of in the trash.]

[4.] Wash hands after [installing] [placing] collar on pet. Replace collar every [2][two][3][three][4][four] [5][five] [6][six] months, or sooner if needed.]
