March 30, 2017

Kelly Hoskins Manger of Regulatory Affairs Sergeant's Pet Care Products, Inc. dba Perrigo Animal Health 10077 South 134<sup>th</sup> Street Omaha, NE 68138-3710

Subject: Label Amendment – Revising label language to reflect changes due to 6(a)2 primary eye irritation study results Product Name: Sergeant's Imidacloprid + Pyriproxyfen Squeeze On for Dogs EPA Registration Number: 2517-176 Application Date: 1/24/2017 Decision Number: 526845

Dear Mr. Hoskins:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2 EPA Reg. No. 2517-176 Decision No. 526845

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact Marianne Lewis by phone at (703) 308-8043 or via email at lewis.marianne@epa.gov.

Sincerely,

Euges anold

Elyssa Arnold, Acting Product Manager 01 Invertebrate & Vertebrate Branch 3 Registration Division (7505P) Office of Pesticide Programs

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. TO PREVENT HARM TO YOU AND YOUR DOG, READ ENTIRE LABEL BEFORE EACH USE. FOLLOW ALL DIRECTIONS AND PRECAUTIONARY STATEMENTS CAREFULLY.

#### **Restrictions:**

- DO NOT ALLOW CHILDREN TO APPLY PRODUCT.
- Do not use on animals other than dogs.
- Do not allow your dog to ingest this product.
- Do not reapply for [[four] [4] weeks][30 days]
- Do not get in dog's eyes.
- Use entire contents of tube [vial][applicator][pipette] on each dog. Do not split one tube [vial][applicator][pipette]s between dogs. Do not use multiple tube [vial][applicator][pipette]s on one dog.
- Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog.
- Separate the treated dog from all other dogs and cats for 24 hours after treatment has been applied.
- Do not have contact or allow children to have contact with the treated area until completely dry.

{Side Effects box to be located on label above the cat prohibition icon/text all on the lower right hand side of the back panel}

**Side Effects**: Monitor your dog after application. [Some dogs may experience temporary startle effects when any product is applied.] Dogs may experience some temporary irritation at the site of product application such as redness, scratching or other signs of discomfort. If signs of sensitivity occur, bathe your dog with a mild soap and rinse with large amounts of water. If these or other side effects occur, consult your veterinarian or call 1-800-781-4738. If your dog has an unusual reaction to the initial application, consult a veterinarian before repeating application. The most common signs of incidental ingestion are excessive salivation and foaming at the mouth. If these symptoms occur, immediately feed your dog and continue to monitor your dog for the next 24 hours.

[1.5 cm x 1.5 cm on final or as indicated] DO NOT USE ON CATS. Keep cats away from treated dogs for 24 hours. Contact your veterinarian if applied to a cat or ingested by a cat.

#### {OUTER PACKAGING}
