Sergeant's Pet Care Products, Inc.
10077 South 134th Street
Omaha, NE 68138

Subject: Notice of Extension of Conditional Registrations until March 10, 2022

Dear Mr. Bamaze:

This letter is in reference to your request dated December 10, 2019 to extend the conditional time-limited registration for:

Sergeant's Imidacloprid + Pyriproxyfen Spot On for Cats	EPA Reg. No. 2517-175
Sergeant's Imidacloprid + Pyriproxyfen Squeeze on for Dogs	EPA Reg. No. 2517-176

The above-referenced registration contains conditions calling for the registration to expire two years from 3/10/18. Your extension request was submitted in sufficient time for it to have been granted before the expiration. Therefore, your registration did not expire on 3/10/2020 because EPA treated the extension request as pending. Additionally, your company is required to adhere to the spot-on label mitigation, submit quarterly enhanced incident reports and quarterly sales information as stated in the registration letter dated 2/3/16 for the above registration.

The Agency has found Sergeant's (A PetIQ, Inc. Company) in compliance with the terms and conditions for the subject product. Your email dated 3/19/2020, acknowledged that the market labels for the subject products will be revised to correct the active ingredient marketing claim presentation, increase the weight band font size, and the word "Dog" or "Cat" font size in the brand name. This email has been added to the product files. The Agency is therefore granting the request to extend the 2-year time-limited registration restriction. As such, the following change is being made to the terms and conditions of the products listed above:

- **The 2-year time-limited registration restriction has been extended an additional two (2) years. Therefore, the new expiration date for the subject product registrations is now March 10, 2022.**

This product is still subject to all other previous required conditions of registration. If you have any questions, please contact the product manager, Venus Eagle at eagle.venus@epa.gov or (703) 308-8045.

Sincerely,

A handwritten signature in blue ink, appearing to read "Venus Eagle", followed by a horizontal line.
