WASHINGTON, D.C. 20460

April 11, 2024

Prince Bamaze  
Regulatory Affairs  
Sergeant's Pet Care Products, LLC  
10077 South 134th Street  
Omaha, NE 68138-3710

Subject: Label Amendment - Registration Review Mitigation for Permethrin and Pyriproxyfen  
Product Name: Sergeant's Imidacloprid + Permethrin + Pyriproxyfen Squeeze On for Dogs  
EPA Registration Number: 2517-178  
Application Dates: 2/4/2021 and 4/4/2024  
Decision Numbers: 570586 and 595314

Dear Prince Bamaze:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Permethrin and Pyriproxyfen Interim Decisions and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Carolyn Smith by phone at 202-566-2273, or via email at [smith.carolyn@epa.gov](mailto:smith.carolyn@epa.gov).

Sincerely,

A handwritten signature in black ink that reads "Jaclyn Pyne". The signature is written in a cursive style and is positioned above the typed name and title.

Jaclyn Pyne, Team Leader  
Risk Management and Implementation Branch 3  
Pesticide Re-Evaluation Division  
Office of Pesticide Programs

## PRECAUTIONARY STATEMENTS

**HAZARDS TO HUMANS. WARNING.** Causes substantial but temporary eye injury. Do not get in eyes or on skin or clothing. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin. Wash thoroughly with soap and warm water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

**HAZARDS TO DOMESTIC ANIMALS. For external use on dogs only.** As with any product, consult your veterinarian before using this product on medicated, debilitated, aged, pregnant or nursing dogs. Individual sensitivities, while rare, may occur after using ANY pesticide product for dogs. If signs persist, or become more severe, consult a veterinarian immediately. If your dog is on medication, consult your veterinarian before using this or any other product. This product is not a substitute for prescribed heartworm preventative.

{Side Effects box to be located immediately above the cat warning box on the back-label panel}

**Side Effects:** Monitor your dog after application. Side effects may include signs of skin irritation such as redness, scratching, or other signs of discomfort. Gastrointestinal signs such as vomiting, or diarrhea have also been reported. If these or other side effects (such as lethargy or agitation) occur, consult your veterinarian or call 1-800-781-4738.

{A minimum of 1.5cm x 1.5cm cat prohibition icon and warning text will be in a box in the lower right-hand corner of the back panel with black cat + red circle and line through the cat, black text, on white background to ensure easy spotting.}

**DO NOT USE ON CATS – MAY BE FATAL.** Keep cats away from treated dogs for 24 hours.  
If applied to a cat or ingested by a cat, contact your veterinarian immediately.

## ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not add directly to water. Do not contaminate water when disposing of product or packaging.

### FIRST AID

<b>If In Eyes</b>	<ul style="list-style-type: none"><li>• Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.</li><li>• Call a poison control center or doctor for treatment advice.</li></ul>
<b>If Swallowed</b>	<ul style="list-style-type: none"><li>• Call a poison control center or doctor immediately for treatment advice.</li><li>• Have person sip a glass of water if able to swallow.</li><li>• Do not induce vomiting unless told to do so by the poison control center or doctor.</li><li>• Do not give anything by mouth to an unconscious person.</li></ul>
<b>If on Skin or Clothing</b>	<ul style="list-style-type: none"><li>• Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.</li></ul>

### HOT LINE NUMBER

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-800-781-4738 for emergency medical treatment information.

### NOTE TO PHYSICIAN

Treat the patient symptomatically.

## DIRECTIONS FOR USE

**It is a violation of Federal law to use this product in a manner inconsistent with its labeling.**

### RESTRICTIONS:

Do not allow children to apply product

Do not use on animals other than dogs

Do not use on puppies under 7 weeks of age or [weighing] less than [4] [11] [21] [55] lbs

Do not bathe or allow dog to swim for 24 hours after application

Do not get this product in dogs' eyes or mouth

Do not treat with more than one pesticide product at a time

Do not allow your dog to ingest this product

Do not apply more than one [tube] [vial] [applicator] per treatment for one dog regardless of the dog's weight

Do not split [tube] [vial] [applicator] between dogs and, use the entire contents of [tube] [vial] [applicator] on each dog

Dog must be dry at time of application and remain dry for 24 hours after application.

Do not have contact or allow children to have contact with the treated area until completely dry

Weigh your dog to be sure you are applying the right dose formulated for the weight of your dog

Separate treated dogs from one another and other animals to avoid chance of ingestion

Do not reapply for [[four][4] weeks] [30 days] [[1][a] month]

Application of product on pets must only be done indoors.

### How to Open:

1. Remove product [tube] [vial] [applicator] [s] from the package.
2. Separate one [tube] [vial] [applicator] from the others. Hold the [tube] [vial] [applicator] with notched end pointing up and away from the face and body. Use scissors to cut off the narrow end at the notches along the line.

### How to Apply:

1. Invert [tube] [vial] [applicator] over dog and use open end to part dog's hair.
2. Squeeze [tube] [vial] [applicator] firmly to apply all of the solution to the dog's skin [as a spot to the dog's back between the shoulder blades] {or} [as a [stripe] [line] starting from the back of the neck to a point midway between the neck and tail.]

{How to Apply - May contain graphics illustrating product use, e.g., dog with a drop falling onto its neck from a vial on front, side, or back carton label and/or applicator labeling. Refer to following optional graphics.}

## FREQUENCY OF APPLICATION

[Use [Brand Name {or} this product] monthly for control of flea[s] [infestations].] [[Studies show that] [Brand Name {or} This product] kills fleas within 12 hours of application and [lasts {or} protects for] [[four][4] weeks] [30 days] [[1][a] month].]

[[Brand Name {or} This product] kills reinfesting fleas within [2][two] hours][two hours] and prevents further infestations of fleas for [[four][4] weeks] [30 days] [1][a] month].]

[[Brand Name {or} This product] [targets multiple flea life stages] [and] [kills flea eggs and larvae before they develop into biting adults].]

[[Brand Name {or} This product] breaks the flea life cycle by killing flea eggs, flea larvae, and adult fleas.]
