50.00

Total

100.00

**A Rodenticide for Formulating Use  
Not to be Resold Under This Label**

*Each particle of the warfarin in this product has been specially coated with a material that reduces detection of the warfarin by the rodents at the time the bait is consumed. The coating may help assure greater acceptance of the bait in cases where rodent awareness of uncoated warfarin is responsible for low bait acceptability.*

Users of this concentrate are expected to provide data to support registration of their products. Technical Bulletin containing data is available from the supplier of this product.

**POISON**

**DANGER**

**KEEP OUT OF REACH OF CHILDREN**

Keep away from humans, domestic animals, and birds. If swallowed, this material may reduce the clotting ability of the blood and cause fatal internal hemorrhages. In the case of hemorrhage caused by warfarin, the hydroxycoumarin
