Subject: Beauty Liquid Disinfecting Toilet Bowl Cleaner
EPA Registration No. 2528-36
Your Amendment Dated September 29, 1993

Dear Mr. Heidt:

This is in response to your proposed alternate formulation and minor label revisions.

The amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. A stamped copy of the labeling is enclosed for your records. Five copies of the finished labeling must be submitted before the product is released for shipment bearing the amended labeling.

1. Submit a revised Confidential Statement of Formula (a blank form is enclosed), revised as follows. For the Water entry, 66.42 lbs. should appear in column 13-a and 66.42% in column 13-b, and columns 14-a and 14-b should be revised accordingly. For the Hydrochloric Acid entry, 30.0 lbs. should appear in column 13-a. For the active ingredients entry, 0.40 lbs. should appear in column 13-a, 0.22% in column 14-a, and 1.8% in 14-b.

2. In the directions for use on the label, add an instruction to first remove the water from the bowl by forcing it over the trap.

3. In the ingredients statement on the label, delete the total percentage of active ingredients (9.75%). Declare all percentages to the same decimal place, i.e., change both occurrences of "0.1%" to "0.10%".
