Mr. Carl Snider
Research Products Company
P.O. Box 1460
Salina, KS 67402-1460

Dear Mr. Snider:

Subject: Max Kill Contacta-Cide 5
EPA Registration No. 2548-54
Your Letter Dated November 30, 1987

The proposed amendment to the registration of the product cited above under the Federal Insecticide, Fungicide, and Rodenticide Act, changing the declaration of petroleum distillate from active to inert and updating the label, is acceptable subject to the comments listed below. A stamped copy of the draft label is enclosed for your records.

1. The Confidential Statement of Formula (CSF) submitted with your letter of November 30, 1988 is obsolete. Enclosed you will find a copy of the current CSF form. This should be completed and submitted to complete the file for this product. Refer to the enclosure "Guide For Filling Out The Confidential Statement Of Formula Correctly" included with our letter for EPA Registration No. 2548-4.
2. Change the statement "Do not contaminate water by cleaning of equipment or disposal of wastes" to read "Do not contaminate water when disposing of equipment washwaters."
3. Add the footnote "Contains petroleum distillate" to the label ingredients statement.
4. Add the following statements to the Precautionary section of the label.

Do not apply as a space spray while food processing is underway. Foods should be removed or covered before treatment. After spraying, wash all surfaces which will contact food with a suitable detergent and rinse with potable water.

KEEP OUT OF THE REACH OF CHILDREN CAUTION

Statement of Practical Treatment

IF SWALLOWED: DO NOT INDUCE VOMITING. Seek medical aid. Aspiration of product into lungs due to vomiting can cause chemical pneumonia which can be fatal. Contains petroleum distillates.
IF BREATHED: If inhaled in heavy concentrations or if symptoms appear due to inhalation, remove to fresh air. Administer artificial respiration, oxygen, or carbon dioxide as necessary.
IF ON SKIN: Remove contaminated clothing. Wash with mild soap and water. Launder contaminated clothing. If irritation occurs seek medical aid.
IF IN EYES: Flush with large amounts of water for at least 15 minutes. If irritation persists, seek medical attention.

See side panel for additional precautions.

PRECAUTIONARY STATEMENTS Hazards To Humans (and Domestic Animals)

Irritating to skin and eyes.
Do not get in the eyes.
Avoid skin contact.
Wash thoroughly with soap and water after using.
Avoid inhalation of spray mist.
Do not remain in treated areas. Ventilate the area after treatment is completed.
Avoid contamination of cooking utensils, food ingredients, food and other supplies.
Remove fish and birds and other domestic pets from room during spraying and keep out of room until spray is dry.
Do not spray directly on pets, domestic livestock, especially dairy animals.
Do not give as internal treatment to animals.
Do not use in milk houses or dairy barns.
Do not apply directly to food.
Do not apply space spraying while food processing is under way.
With the exception of federally inspected meat and poultry plants, food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions indicated.
Protect any contaminated food, feed or raw ingredients.

This product is toxic to fish. Keep out of any body of water. Do not contaminate water by cleaning of equipment, or disposal of wastes. Apply this product only as specified on this label.

Keep containers closed when not in use. Keep away from heat and open flame.

STORAGE AND DISPOSAL

1. PROHIBITIONS
Do not contaminate water, food, or feed by storage or disposal.
2. PESTICIDE DISPOSAL
Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
3. CONTAINER DISPOSAL
Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.
4. GENERAL
Consult federal, state and local officials for approved procedures other than those shown here. Approved procedures vary considerably for different types of containers.
5. RESIDUAL METHOD TO THIS PRODUCT
Empty drums as completely as possible. Rinse drums and place the drums upside down until liquid has evaporated.
