DIRECTIONS FOR USE—STIR WELL WITH PADDLE

KEEP CAN CLOSED WHEN NOT IN USE

PRUNING: Coat the surface, being sure to cover edges and all splits in the bark. Clean away all loose bark and cover with heavy coat. IF TOO THICK TO SPREAD, thin with D & B PROTECTIVE PRUNING PAINT THINNER

DANGER: KEEP AWAY FROM CHILDREN.
Harmful or fatal if swallowed. (Do not induce vomit. Call a doctor). Read directions and caution on back label. Avoid prolonged contact with skin.

MADE BY
BUHL CHEMICAL COMPANY
WEIRSDALE, FLORIDA

DIRECTIONS

Stir well before using. Keep container closed when not being used.

PRUNING: Apply D & B PRUNING PAINT with a brush to all cuts and splits in the bark, making sure all edges are coated slightly beyond the wound.

Clean away all loose and dead bark and coat the area affected. Remove dead wood and apply liberal coat.

If this paint becomes too thick in some weather, thin with WARMER WEATHER D & B PROTECTIVE PRUNING PAINT THINNER.

D & B Protective Pruning Paint keeps out moisture and the remaining water in the paint keeps the entrance of rot-causing wood-boring insects.

CAUTION

CAUTION: Harmful if swallowed. Keep out of reach of children. Keep away from fire and excessive heat. This paint is not a flammable liquid. Do not spray or apply to areas of the body. Do not use on painted surfaces. Avoid breathing dust or fumes.
