HARMFUL OR FATAL IF SWALLOWED.  
KEEP OUT OF REACH OF CHILDREN.  
SEE BACK FOR OTHER CAUTIONS.

3811 REGATTA BALTO-TIN  
(USDA Reg. No. 2568-5)  
Stops Borers - Stops Fungi - Stops Rot

A penetrating solution of TBTO. Apply one wet coat to bare wood prior to applying anti-fouling paints. Protects wood from Teredo and other worms even when anti-fouling paint is scraped off by accident. Balto-Tin is also used as an extremely effective preservative for all wooden surfaces - will not effect color, adhesion or durability of varnish, lacquer or glue.

CAUTION: Harmful if swallowed.

May be absorbed through skin. Causes skin irritation. Avoid breathing spray mist. Avoid contact with skin, eyes or clothing. In case of contact, immediately remove contaminated clothing and wash skin with soap and water; for eyes, flush with plenty of water and get medical attention. Wash clothing before reuse. Avoid storage near feed and food products.
