DIRECTIONS

Stir thoroughly both before and during application, and allow 4-6 hours drying time between coats and before launching. It is not advisable to delay launching longer than 24 hours. Apply to bare wood or to a surface properly prepared by sanding, wire brushing, and cleaning. For best results two coats should be applied, and on new work no less than three coats. No other primer should be used. No thinner is normally needed . . . turpentine may be used to wash brushes or replace solvent lost by evaporation.

CAUTION: COMBUSTIBLE! Keep away from heat, sparks, and open flame. CONTAINS LEAD OR OTHER COMPOUNDS HARMFUL IF EATEN. Do not apply on any interior surfaces of a dwelling, or a place used for the care of children, or on window sills, toys, cribs and other furniture which might be chewed by children. Avoid breathing vapor or spray mist and prolonged contact with skin. Wash thoroughly after handling and before eating or smoking. Keep container closed when not in use. KEEP OUT OF REACH OF CHILDREN. Use with adequate ventilation. Do not take internally.
