Dear Pat Bieler:

Subject: Hartz Hamsters Gerbil Spray Mist
EPA Reg. No. 2596-55
Submission: June 26, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Five copies of the finished labeling must be submitted prior to releasing the product for shipment.

- 1) Due to the change in ingredients, this is considered a new product requiring new product specific data. Please submit new data as soon as possible.
- 2) Delete petroleum distillate as an active ingredient on your label. It is no longer being supported for registration as an active ingredient. Increase the inert ingredients to 99.715%.
- 3) Provide the chemical identity of all components, the percentage composition, and Material Safety Data Sheet (two copies) for Ameroxol OE-10.
- 4) Revise your CSP by providing the pH of the product and providing the amount and upper and lower limits for each active ingredient in the source material.
- 5) Add the heading Physical or Chemical Hazards to the label and the appropriate statement per 40 CFR 156.10(h)(2)(iii).

Sincerely,

RFM
