DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

REMOVE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE. COLLAR BEGINS TO WORK A FINE WHITE POWDER WILL APPEAR.

It is not advisable to use this collar or similar pesticide collars on dogs less than 6 weeks of age. Do not unroll collar until ready to use. Place collar around the dog's neck and buckle in place. The collar will move away from the surface of the collar onto your pet's skin as the dog grows and to permit the collar to move about the dog's neck. The collar is one that when fastened will snugly slide over the dog's neck. Some animals may become irritated by any collar if it is too tight. If irritation occurs loosen the collar. If irritation continues, remove the collar. This collar is intended for use only as an insecticide general.

Kills fleas and ticks common to dogs, including Rocky Mountain Spotted Fever, and the Deer Tick. The collar will begin to kill fleas and ticks immediately. Collar will be built up within a few days. For continuous flea and tick protection under normal conditions the collar should be replaced every five months. Under conditions where dogs are in tick infestations it may be necessary to replace the collar more often. Collar will not impair the collar's effectiveness or the pet's health if the collar is swimming or is out in the rain it is not necessary to remove the collar. DISPOSAL -- Do not use empty pouch. Dispose in trash collection.
