Back Panel

READ ENTIRE LABEL BEFORE EACH USE
USE ONLY WITH CATS

PRECAUTIONARY STATEMENTS:

Hazards to Humans & Domestic Animals:

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling.

FIRST AID

IF SWALLOWED: Contains an organophosphate that inhibits cholinesterase. **IF SWALLOWED:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison

NOTIFICATION

JUN 30 2003

Control Center or Doctor. Do not give anything by mouth to an unconscious person. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If In Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center of doctor, or going for treatment.

NOTE TO PHYSICIANS AND VETERINARIANS:

This product contains an organophosphate and may cause cholinesterase inhibition. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and /or weakness, vomiting, and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call a Poison Control Center for further information.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

REMOVE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE INSECTICIDE GENERATOR.

The 2 in 1 collar will kill ticks, including the Deer Tick, which may carry Lyme Disease, for five months under normal conditions.

Do not use on kittens under 12 weeks of age. Do not unroll collar until ready to use. Place the Hartz® 2 in 1® Flea & Tick collar around the cat's neck, adjust to proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the ear and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened will snugly slide over the cat's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of extra length.

Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivities may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it's applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the animal. If signs of

256-63
06/13/031

h/e

sensitivity occur, remove the collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or chemicals. However, flea & tick collars may be immediately replaced.

This collar is intended for use only as an insecticide generator. For continuous flea and tick protection under normal conditions replace the collar every five months. Under conditions where cats are exposed to severe flea or tick infestations it may be necessary to replace the collar every 4 months. Ticks, which may be an occasional problem for cats, are harder to kill. The collar's full protection against ticks will be built up within a few days after being placed on the animal. The cat should be examined from time to time and the collar replaced when mature tick or flea populations begin to appear. Wetting will not impair the collar's effectiveness or the pet's protection. If the cat is out in the rain it is not necessary to remove the collar. The Hartz® 2 in 1® collar may be worn with a regular collar.

STORAGE and DISPOSAL:

Storage: Store at room temperature.

Disposal: Do not use empty pouch. Place in Trash or offer for recycling if available.

For more information call our flea and tick experts at 1-800-275-1414 weekdays 9am-5pm EST.

Subject: Notification of Alternate Brand Names

Dear Sir or Madam:

The Hartz Mountain Corporation wishes to add alternate brand names to the following product registrations:

- EPA Registration Number: 2596-22
- EPA Registration Number: 2596-63
- EPA Registration Number: 2596-78
- EPA Registration Number: 2596-79

In accordance with PR Notice 98-10, we are enclosing the completed EPA form 8570-1 for each registration and a copy of the label with the alternate names highlighted.

If you have any questions concerning this notification please do not hesitate to call me at (201) 271-4800.

Sincerely,

Carol A. Oddi
Regulatory Specialist
