Joe Conti
Senior Director
Regulatory Affairs & Quality
Hartz Mountain Corporation
400 Plaza Drive
Secaucus, NJ 07094

Subject: Label Amendment – Adding a 5lb weight restriction for kittens, adding alternate brand names, revising claims, and various minor label changes
Product Name: HARTZ 2 IN 1 PLUS SEVEN MONTH COLLAR FOR CATS
EPA Registration Number: 2596-83
Application Date: July 1, 2020
Decision Number: 564625

Dear Mr. Conti:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2
EPA Reg. No. 2596-83
Decision No. 564625

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, please contact David Gardner by phone at (703) 347-8599, or via email at gardner.david@epa.gov.

Sincerely,

A handwritten signature in black ink that reads "Shanta Adeeb". The signature is written in a cursive, flowing style.

Hartz® 2 in 1® Plus Seven Month Collar for Cats

{Note to Reviewer: Alternate Brand Names are listed at the end of this document.}

ACTIVE INGREDIENT:

Tetrachlorvinphos 14.55%

OTHER INGREDIENTS 85.45%

TOTAL 100.00%

CAUTION: Do not let children play with this collar.
See [side] [back] panel[s] for additional precautionary statements.

NET CONTENT(S): 1 [white] [pink] [orange] [blue] [yellow] [purple] [red] [grey] [hunter green] [green] [black] [silver] [gold] [reflecting] [reflective] COLLAR *{Note to Reviewer: Length can range from 11 to 15inches. Net Weight 0.34 to 0.47oz [9.68g to 13.2g].}*

EPA Reg. No. 2596-83
EPA Est. No. 2596-OH-1

Made [in the U.S.A.] by The Hartz Mountain Corporation 400 Plaza Drive Secaucus, NJ 07094 (U.S.A.)

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON CATS.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

{Note to reviewer: text in braces {} is for informational purposes and will not appear on the label. Text in brackets [] is optional, and may or may not appear on the end use label. Text in parentheses () will appear on the end use label.}

FIRST AID

If swallowed: Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

If On Skin Or Clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

If In Eyes: Hold eye open and rinse slowly and gently with water for 15 – 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-275-1414 twenty-four (24) hours per day, seven (7) days per week.

Note to Physicians and Veterinarians: This product contains tetrachlorvinphos (an organophosphate) which is a cholinesterase inhibitor. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call 1-800-275-1414 or your local Poison Control Center for further information.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
REMOVE COLLAR FROM PACKAGE UNROLL AND STRETCH TO ACTIVATE
INSECTICIDE .

Do not use on kittens under 12 weeks of age and weighting less than 5lbs. Do not unroll collar until ready to use.

Place the collar around the cat's neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the cat and to permit the collar to move about the neck. A properly fitted collar is one that, when fastened, will snugly slide over the cat's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

Consult a veterinarian before using this product on debilitated, aged, medicated, pregnant or nursing animals. Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the cat. If signs of sensitivity occur, remove the collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use this product on cats simultaneously or within 30

{Note to reviewer: text in braces {} is for informational purposes and will not appear on the label. Text in brackets [] is optional, and may or may not appear on the end use label. Text in parentheses () will appear on the end use label.}

days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or chemicals. However, flea and tick collars may be immediately replaced.

This collar is intended for use only as an insecticide.

The collar will begin to kill fleas and ticks immediately. For continuous flea and tick protection under normal conditions replace the collar every seven months. The collar kills ticks for 5 months and aids in their control an additional 2 months. Under conditions where cats are exposed to severe flea and tick infestations it may be necessary to replace the collar more frequently; however, do not replace the collar more frequently than every 5 months. Wetting will not impair the collar's effectiveness or the pet's protection. If the cat is out in the rain it is not necessary to remove the collar. The collar may be worn with a regular collar. It is recommended that the pet's bedding or sleeping quarters be treated for flea and tick control with a product registered for this use such as Hartz UltraGuard Flea & Tick Home Spray.

[ALTERNATE DIRECTIONS FOR USE with Decorative Collars [with (mesh) (net) (screen) (web) underside].

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

REMOVE [INSERT COLLAR][COLLAR] FROM PACKAGE. Unroll and stretch to activate insecticide.

Do not use on kittens under **12** weeks old and weighing less than 5lbs. Do not unroll collar until ready to use. Place the [collar] around the [cat's] [kitten's] [cat's or kitten's] neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the cat and to permit the collar to move [around] [about] the neck. A properly fitted collar is one that, when fastened, will snugly slide over the pet's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

The collar is intended for use only as an insecticide.

The collar will begin to kill fleas, ticks and flea eggs and larvae immediately. Its full protection against harder to kill ticks will be built up within a few days after being placed on the pet. For continuous [flea and tick] protection under normal conditions replace the collar every seven [7], six [6], five [5] months. Under conditions where pets are exposed to severe flea and tick infestations, it may be necessary to replace the collar more frequently. Do not replace collar earlier than five [5] months.

Wetting will not impair the collar's effectiveness or the pet's protection. If the pet goes swimming or is out in the rain it is not necessary to remove the collar. The collar may be worn with a regular collar.

{Note to reviewer: text in braces {} is for informational purposes and will not appear on the label. Text in brackets [] is optional, and may or may not appear on the end use label. Text in parentheses () will appear on the end use label.}

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Keep this product in its tightly closed original container, when not in use. Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

Pesticide Disposal: If empty: Non-refillable container. Do not reuse or refill this container. Offer for recycling, if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: This product contains a chemical known to the State of California to cause cancer.
