**NOTIFICATION**  
**DEC - 5 2005**

**Explanation:** Use additional page(s) if necessary. (For section I and Section II.)

Notification of corrections to non-pesticide related text. This notification is consistent with the provisions of PR Notice 98-10 and EPA Regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**READ ENTIRE LABEL BEFORE EACH USE  
USE ONLY ON DOGS**

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

**FIRST AID**

**IF SWALLOWED:** Call a Poison Control Center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything by mouth to an unconscious person.

**IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice.

**IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment.

**Note to Physicians and Veterinarians:** This product contains an organophosphate and may cause cholinesterase inhibition. Cholinergic symptoms may include salivation, miosis, incoordination, muscle fasciculation and/or weakness, vomiting and diarrhea. Atropine is antidotal. 2-PAM may be effective as an adjunct to atropine. Call 1-800-275-1414 or your local Poison Control Center for further information.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**REMOVE COLLAR FROM PACKAGE, UNROLL AND STRETCH TO ACTIVATE INSECTICIDE GENERATOR.** As the collar begins to work, a fine white powder will appear on the surface.

Do not use on puppies under 6 weeks of age. Do not unroll collar until ready to use. Place the (Hartz® 2 in 1® Plus) (alternate brand name) (collar) around the dog's neck, adjust for proper fit, and buckle in place. The collar must be worn loosely to allow for growth of the dog and to permit the collar to move about the neck. Generally, a properly fitted collar is one that when fastened will snugly slide over the dog's head. Leave 2 or 3 inches on the collar for extra adjustment and cut off and dispose of the extra length.

4/7

Consult a veterinarian before using this product on debilitated, aged, or medicated animals. If used on pregnant or nursing dogs, do not replace collar until the puppies are at least 6 weeks old. Sensitivity may occur after using ANY pesticide product for pets. Some animals may become irritated by any collar if it is applied too tightly. If this occurs, loosen the collar. If irritation continues, remove the collar from the animal. If signs of sensitivity occur, remove the collar and bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. Do not use this product on animals simultaneously or within 30 days before or after treatment with or exposure to cholinesterase inhibiting drugs, pesticides, or chemicals. However, flea and tick collars may be immediately replaced.

This collar is intended for use only as an insecticide generator. (Kills fleas and ticks common to dogs, including the Deer tick, which may carry Lyme disease, and the Rocky Mountain wood tick, which may carry Rocky Mountain spotted fever.) The collar will begin to kill fleas and ticks immediately. (Its full protection against harder to kill ticks will be built up within a few days after being placed on the pet.) For continuous flea and tick protection under normal conditions replace the collar every seven months. The collar kills ticks for 5 months and aids in their control an additional 2 months. Under conditions where dogs are exposed to severe flea and tick infestations it may be necessary to replace the collar more frequently; however, do not replace the collar more frequently than every 5 months. Wetting will not impair the collar's effectiveness or the pet's protection. If the dog goes swimming or is out in the rain it is not necessary to remove the collar. The (Hartz® 2 in 1® Plus) (alternate brand name) (collar) may be worn with a regular collar. It is recommended that the pet's bedding or sleeping quarters be treated for flea and tick control with a product registered for this use such as (Hartz® 2 in 1® Flea and Tick Spray) (alternate brand name).

#### **STORAGE AND DISPOSAL**

**STORAGE:** Store at room temperature.

**DISPOSAL:** Do not use empty pouch. Place in trash or offer for recycling if available.

For more information (or in case of emergency) (or for help during any step) call (our flea and tick experts at) 1-800-275-1414 weekdays, 9am-5pm E.S.T.

**Subject: Notification of Corrections to Label Text**  
**Hartz® 2 in 1® Plus Seven Month Collar for Dogs**  
**EPA Reg. No. 2596-84**

Dear Sir or Madam:

In accordance with PR Notice 98-10, enclosed please find a completed notification application (Form 8570-1) and one highlighted copy of product labeling containing corrections to the previously-approved text. Specifically, in the "Non-Pesticide Related Claims" section, the label has been modified to correct the statement concerning neck size of dogs. The intention had been to allow the use of a range of sizes, not to indicate only two specific sizes. The enclosed label corrects this error.

No other revisions have been made on the label. As we would like to be informed of the acceptability of this notification, a self-addressed EPA "acceptable notification" business reply mail postcard is also enclosed.

If you have any questions concerning this submission, please do not hesitate to contact me at (201) 271-4800 ext. 7408.

Sincerely,

  
Margaret W. Dickson  
Regulatory Affairs Associate
