Dr. W. Perlberg
The Hartz Mountain Corporation
700 Frank E. Rogers Boulevard, South
Harrison, NJ 07029

Dear Dr. Perlberg:

Subject: Hartz 2 in 1 Flea & Tick Killer for Dogs - Fine Mist Spray
EPA Registration No. 2596-94
Your Submission Dated June 14, 1990

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable. A stamped copy is enclosed for your records.

The efficacy data showing mortality of deer ticks directly exposed to spray material are acceptable to support a claim for killing deer ticks on dogs at the time of treatment. The addition of "including the deer tick, the carrier of Lyme disease" along with the comment under "Directions for Use" that "Ticks are tough - spray directly" is acceptable.

Sincerely yours,

Phil Hutton
Product Manager (17)
Insecticide-Rodenticide Branch
Registration Division (M7505C)

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION: Do not use near birds, fish or foodstuffs. Do not spray in eyes or face of dog. Do not use on puppies under 6 weeks old. Wash hands thoroughly after use.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Hold bottle upright 6 inches from pet. Direct spray toward pet and spray entire coat, pressing dispenser with quick, short strokes. Move bottle to get even coverage of coat (until tips of hair are moist).
2. Apply lightly and rub into animal's coat. For long haired dogs, ruffle hair for spray to reach skin.
3. After 10 minutes, dry dog with towel.
4. Comb and brush coat.
5. Repeat once a week for fresh, glossy coat. Use on bedding and other areas as needed.
6. Kills fleas in 5 to 10 minutes. Ticks are tough - spray directly.

ACTIVE INGREDIENTS	
Pyrethrins	060%
Piperonyl Butoxide Technical*	120%
N-Octyl Bicycloheptene Dicarboximide	200%
Petroleum Distillate	288%
