BACK LABEL

HARTZ FLEA AND TICK REPELLENT FOR DOGS

Repels fleas - Repels ticks

Kills fleas - Kills ticks

Aids in repelling mosquitoes

Keeps your pet flea and tick free for up to 21 days.

Repels insects which reduces incidence of itching and scratching

Hartz Flea and Tick Repellent prevents these pests from actually inhabiting your dog. In laboratory and field tests, dogs treated with this spray repelled fleas and ticks for up to 21 days. The spray may also be used on pets infested with fleas or ticks in order to kill these parasites and prevent additional ones from inhabiting the pet.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To repel fleas and ticks, thereby reducing incidence of itching and scratching, hold container 6 to 10 inches from animal and spray over the entire body. Be sure to cover feet and tail. Do not spray in eyes. For best penetration of spray to the skin, direct spray against the natural layer of the fur to cause fluffing of the coat. Under normal circumstances, repeat spray every 21 days. In areas or periods of heavy infestation it may be necessary to treat the dog more frequently. Under such circumstances, an occasional flea or tick may be seen on the animal. Complete control can be obtained by affixing a Hartz 2 in 1 Reflective Collar to the pet in addition to this spray.

^{use of}
Storage and disposal: Do not contaminate water, food or feed by storage and disposal. Wrap empty container and put in trash collection.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Avoid inhalation of spray. Avoid spraying in eyes. It is good practice to wash hands after use. Do not contaminate water or food.

Physical or Chemical Hazard.

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

If in eyes: Rinse eyes with plenty of water. Call a physician if irritation persists.
