NAME OF PESTICIDE PRODUCT

Hartz Cat Flea & Tick Repellent

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

The Hartz Mountain Corporation
700 South Fourth Street
Harrison, NJ 07029-9987

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c) 7(A) provided that you:

Add the phrase, "EPA Registration No. 2596-104," to your label before you release the product for shipment.

Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of the conditions of registration.

A stamped copy of the label has been enclosed for your records.

EPA Reg. No. 2596-XXX
EPA Est. 2596-NJ-1

Net Wt.
7 oz 198 g

Keep out of reach of children
CAUTION: See back panel for additional precautionary statements.

HARTZ FLEA AND TICK REPELLENT FOR CATS

- repels fleas ● repels ticks ● kills fleas ● kills ticks ● repels mosquitoes
- keeps your pet flea and tick free for up to 21 days ● repels insects which reduces incidence of itching and scratching

Hartz Flea and Tick Repellent prevents these pests from actually inhabiting your cat. In laboratory and field tests, animals treated with this spray repelled fleas and ticks for up to 21 days. The spray may also be used on pets infested with fleas or ticks in order to kill these parasites and prevent additional ones from inhabiting the pet.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. To repel fleas and ticks, thereby reducing incidence of itching and scratching, hold container 6 to 10 inches from animal and spray over entire body. Be sure to cover feet and tail. Do not spray in eyes. For best penetration of spray to the skin, direct spray against the natural layer of the fur to cause fluffing of the coat. Under normal circumstances, re-spray every 21 days. In areas or periods of heavy infestation it may be necessary to treat the cat more frequently. Under such circumstances, an occasional flea or tick may be seen on the animal. For more prolonged flea and tick control, the animal's bedding, quarters, and surrounding area should also be sprayed lightly until damp to help prevent reinfestation. Complete control can be obtained by affixing a Hartz 2 in 1 Reflecting Collar to the pet in addition to use of this spray.

Storage and Disposal. Do not contaminate water, food or feed by storage and disposal. Wrap empty container and put in trash collection.

PRECAUTIONARY STATEMENTS

Hazards to Humans & Domestic Animals

CAUTION: Avoid inhalation of spray. Avoid spraying in eyes. It is good practice to wash hands after use. Do not contaminate water or food.

Physical or Chemical Hazards

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

STATEMENT OF PRACTICAL TREATMENT

If in eyes, Rinse eyes with plenty of water. Call a physician if irritation persists.
